MAFIAISTS VICTIMS OF OWN EXPLOSION

ONE FATALLY HURT BY BOMB

Residence of Intended Victim in Los Angeles Blown Up by Blackhanders

Wealthy Fruit Merchant and Family Escape Violent Death

LOS ANGELES, June 16.—Mafiaists punctuated an eleven years' pursuit of J. D. Trepani, a wealthy fruit merchant, formerly of New Orleans, with a bomb explosion which wrecked Trepani's home at midnight last night, fatally hurt one of the two alleged Black-Handers and seriously wounded the other. Trepani, who said he had been hounded from New Orleans, but had steadfastly refused to contribute money, was not at home at the time and he and his wife and son escaped injury.

Although dying at the police emergency hospital today, one of the bomb throwers persistently refused to give a name. The other was identified by letters in his pocket as Peppino Principe, a Sicilian resident here.

The two men hurled the bomb under the porch of the Trepani residence. It exploded prematurely and fragments wounded both men and set fire to their clothing. They were captured as they fled down the street, their course being lit by the flames from their blazing garments.

PERSECUTION 11 YEARS OLD.

Though he did not arrive at the scene until an hour after the explosion Trepani was thrown into intense excitement and the police were able to obtain no information from him further than that he believed the two men were agents of the Mafia, which he declared had begun its persecutions and demands for tribute eleven years ago in New Orleans. Most of his statements were confined to earnest wishes that the two bomb throwers would die.

The men were rolled in the street

His Own Lawyer, but Jury Convicts Him

Walter J. Norton, alias Jones, broke all records in the Superior Court this morning before Superior Judge Wells when acting as his own attorney, defending himself to a charge of stealing a bicycle. He selected a jury, presented his testimony, argued his case and obtained a verdict, all within the short space of an hour and a half. He was convicted and will be sentenced next Friday. Henry Ichio, complaining witness, rode away on "Exhibit A" shortly before noon and Inspector Drew, chief witness against the defendant, returned to report at the new city hall.

Norton was arrested two weeks ago by Inspector Drew. It was found by the police that he had two prior convictions.

gold worth about $600, and he is still holding them.

The accounting officers of the federal government have not known what to do with it. In an effort to clear the accounts George E. Roberts, director of the mint, appealed to the comptroller to know if he could turn it in the treasury to the credit of the men who presented it. The comptroller holds such a course would require an act of Congress.

In 1856 H. J. Peters brought $127.87 worth of gold bullion to the San Francisco mint; in 1858 Joseph Baker presented $333.27 worth, and in 1863 J. M. Souther handed over $156.96 worth. Each was given a receipt and told to come back for a gold certificate. They never returned.

EXPLAINS OFFER OF ALLEGED BRIBE

Ercanbrach Gives Reason for Offer of Money to Senator Works.

WHY HE DID IT.

Lots of times we carpenters pay the boss carpenter two-bits or four-bits a day to get a job and nothing is thought of it.—Charles Ercanbrach's reason for his alleged attempt to bribe Senator John D. Works.

LOS ANGELES, June 16.—Charles Ercanbrach, 63 years of age, secret aspirant for the postmastership of Santa Barbara and indicted by the federal grand jury for attempting to secure that office by offering a bribe to a United States Senator, faced his arraignment today with naive composure. He placed reliance in the promise of his wife, Lucinda, and daughter Bessie, to "bring the whole of Santa Barbara down to tell the judge that he meant no wrong when he wrote Senator John D. Works promising him $1000 for the postmastership."

When Ercanbrack was arraigned before Judge Olin Wellborn in the United States District Court his attorney asked for a delay of two weeks before he was required to plead. This was granted and the date for entering a plea set for June 30. Bail was fixed at $2500 which was furnished.

The case is declared to be one of the most unusual within the ken of local federal officials. Ercanbrach, in an ingeniously worded confession, admits that he offered to give Senator Works his cash savings, amounting to $1000. Disavowing any intention to commit a crime he declares that "lots of times we carpenters pay the boss carpenter two-bits or four-bits a day to get a job and nothing is thought of it."

AGAINST COMMERCIALIZING INITIATIVE

❧ ❧ ❧ ❧

GOVERNOR JOHNSON WRITES HIS VIEWS

In relation to the bill in the hands of the Governor prohibiting the so-called commercializing of the initiative and referendum, the following telegram has been received:

"SACRAMENTO, Cal., June 15, 1913.

"A. A. Denison, Secretary, Chamber of Commerce, Oakland, Cal.: I have your telegram and that of other commercial bodies of Oakland stating their opposition to the commercializing of the initiative and referendum and asking me therefore to sign assembly bill 2131. I am a very strong advocate of the initiative and referendum and like you I believe it outrageous that these beneficient governmental instrumentalities should be commercialized.

"I cannot understand, however, why, if an effort is made to prevent the commercializing of the initiative and referendum, this effort should be devoted solely in behalf of public utilities corporations. A general bill which would prevent great corporations and impecunious individuals alike not only from commercializing the initiative and referendum, but from using it with improper or malicious motives, would meet with my instant and hearty approval.

"An act which would preclude, for instance, corporations from applying their wealth in tying up a beneficient measure of the legislature and would also forbid individuals from speculating in the initiative and referendum and would apply alike to all classes and all individuals would attain the object suggested by the Oakland commercial bodies and would have of course the approval of all friends of the [illegible] bly bill 2131 is such a measure I shall gladly sign it, but if it is a bill solely in the interest of certain public service corporations that will be more harmful than beneficial to the people at large of course I shall not give it my approval.

HIRAM JOHNSON."

REES PLAN OPPOSED BY MOTT

Mayor and Works Commissioner Object to Features of Harbor Scheme

Rough Draft of Alterations Is Made; Congressman Knowland Is Wired

REP. KNOWLAND IS TOLD OF OBJECTION

Hon. J. R. Knowland, Member of Congress, Washington, D. C.: While the Chamber of Commerce and other bodies have approved Rees project the city administration has not assented or approved plan in its entirety. We do not oppose project as proposed north of Key Route mole, but do object to the continuation of dyke across Key Route basin. There is no need of this and its construction would seriously interfere with the development of Key Route basin to its fullest extent. We would prefer to have solid fill or dyke extended along the line of and to the end of Key Route trestle, and the dyke in Rees' plan terminate at its intersection with this structure. This would place the entrance to the proposed channel at this point instead of in close proximity to Southern Pacific mole, thereby lessening dangers and inconveniences to navigation. If the Key Route system is to remain where now located, as seems most likely, the entrance to the proposed channel can be spanned by draw bridge high enough to permit all steam vessels to pass beneath. We will discuss this with Colonel Rees upon his return and endeavor to persuade him to alter his plan in accordance with these suggestions. Will write you fully and also send map making clear our position in the matter.

[Signed] FRANK K. MOTT.

Opposition to the harbor plan presented to the Secretary of War by Colonel Thomas H. Rees of the San Francisco bay harbor line board of engineers was voiced today in a telegram sent by Mayor Frank K. Mott to Congresman Joseph R. Knowland at Washington, D. C. The telegram is the result of a study of the project by Mayor Mott and Commissioner of Public Works Harry S. Anderson, and indicates that the city administration is far from satisfied with the plan of the local harbor line board in its entirety.

Mayor Mott stated this morning that he believed the approval of the Rees plan which has been accorded by the Chamber of Commerce of Oakland and other kindred organizations has been given without sufficient consideration of the problem. He declares that the plan, if carried out, would not only nullify the development of certain West Oakland waterfront plans of the city of Oakland and the San Francisco-Oakland Terminal Railways, but would introduce a serious element of danger in handling the bay traffic of the ferry systems and the shipping.

CLAIMS MISTAKE WAS MADE.

"We have studied the plans carefully," declared Commissioner Anderson. "We feel that it is a good plan with the exception of the Key Route basin end, where it seems that a grave mistake has been made. We feel that the plans can be altered in this particular greatly to the benefit of Oakland and the present waterfront plans without materially altering or interfering with the carrying out of the general waterfront plan of Colonel Rees, as it affects the Emeryville, Berkeley, Albany and Richmond harbors."

Mayor Frank K. Mott and Commissioner Anderson are fully in accord that the harbor plans should be changed, and they have drafted a rough scheme of alterations to meet the case. Mayor Mott explained the objections to the Rees plan and the suggested substitute this morning as follows:

"The plan elaborated by Colonel Rees contemplates the erection of a breakwater or dyke along the western waterfront from Point Richmond to a point out opposite the present Southern Pacific mole ferry slips. Behind this dyke it is proposed to dredge a channel 1200 feet in width, to be flanked on the shore side with wharves from the various municipal waterfronts, backed by reclaimed tide lands.

DYKE TO PROTECT CHANNEL.

"This dyke will protect the channel from the silt constantly deposited from the rivers as a result of the eddy near Point Richmond which diverts the currents along the western waterfront of Albany, Berkeley, Emeryville and Oakland. The channel behind this protective dyke is to have an entrance for shipping at Richmond and another at the southern end just north of the Southern Pacific ferry slips.

"This is, in brief, the Rees plan, as I understand it. It is a splendid project in the main. But the fault we have to find with it is that it would have this

franchise right of way of the San Francisco-Oakland Terminal railways and would proceed southerly across the present Key Route basin, cutting this and

11 BUILDINGS AFFECTED

Work on eleven public schools ceased today, due to the difficulty in effecting the sale of school and auditorium bonds. A conference has been called for today between city officials and several local bankers in the hope that some of the Oakland banks may be able to take up enough of the bonds to permit the continuance of the work by the contractors.

The condition is a serious one, as the entire stoppage of work will mean the damaging of a large amount of material that has already been placed on the jobs, and a consequent heavy loss to the city. The money stringency throughout the country is declared to be responsible for the trouble.

The schools affected by the decision of the contractors to cease work until some satisfactory solution to the payment and bond question can be reached are as follows:

Emerson School at Forty-ninth and Shafter avenue.

Longfellow School at Thirty-ninth and Market streets.

College Avenue School at College avenue and Birch court.

Washington School addition, Sixty-first and Shattuck.

Perry School at Perry street and Grand avenue.

The Manual Training Shops nearing completion at Broadway and Forty-fifth street.

J. B. McChesney School at Thirteenth avenue and East Thirty-seventh street.

The new school under construction at Fifty-fourth and Market streets.

Dewey School at Harrison and Fifty-ninth avenue.

The Park and Division Street School.

The Manual Training and Commercial High School at Broadway and Forty-fifth street.

In addition to these, the new auditorium and the work on the new city hall may cease. While it is considered that the monetary difficulty is merely of a temporary nature, the action of the contractors in ceasing work has brought the city face to face with a serious problem. It is declared by the contractors that they are entirely within their rights in discontinuing work, as the terms of the contract with regard to payments have not been strictly observed by the city.

An executive session of the City Council will be held tonight, at which an attempt will be mad to find a solution to the dilemma presented by the demand for money on the part of the contractors when the city has only bonds with which to meet the payments. Simultaneously a meeting will be held by the contractors at the Merchants' Exchange, and later there will be a conference of committees representing the city and the contractors.

GOVERNOR WORKS AGAINST TIME VETO

Signs 204 Bills Making Total of 557; Time Expires At Midnight.

SACRAMENTO, June 16. — Two hundred and four bills were announced as signed by Governor Johnson today, making a total of 557 acts approved out of a thousand odd measures sent to him for approval by the legislature. Under the statutes the Governor has until 12 o'clock tonight to sign bills and all those that have not received his approval up to that hour will go into the "pocket veto" dump. Among the important measures signed are the following:

Owens bill, closing all saloons from 2 a. m. till 6 a. m.

Vallejo ferry bill, giving workingmen at Mare Island right to transport themselves across the strait in defiance of the ferry company, which claimed the exclusive right to which it also claimed the exclusive right to wharf privileges.

A bill providing for a special investigation of tuberculosis conditions in this state with a view to minimizing the malady.

A measure providing for the a-sexualization of prisoners proved to be moral perverts.

Appropriations aggregating several million of dollars were also approved. They include $200,000 for a new state training school for girls, location to be fixed later; $23,000 for the completion of the link in the Lake Tahoe state highway; $80,000 for Redwood Park roadway.

For the University of California the following appropriations were approved: $60,000 for experiment station at Riverside; $50,000 for rebuilding of Lick Observatory; $25,000 for medical equipment at Los Angeles; $100,000 for laboratory building at Riverside.

Large appropriations are also approved for improvements at the various state schools and hospitals.

POLICEMEN GUILTY

Sentences of Nine Months in S. F. Prison Imposed in Bunco Cases

Esola, Already Sentenced to Penitentiary, Among Misdemeanor Defendants

Here Are Dates In Conspiracy Cases

May 16—Indictments filed charging eight suspended police officers with conspiracy to commit grand larceny with bunco men.

May 26—Defendants arraigned and demurrers filed.

May 23—Demurrers disallowed; defendants plead not guilty.

June 6—Cases set for trial for June 16.

June 16—Defendants Droulette, Sullivan, Josephs, McHugh, McGowan plead guilty and receive nine months in the county jail.

SAN FRANCISCO, June 16.—Louis Droulette, Jack Sullivan, Charles Josephs, William McHugh and Frank Esola, police officers, and James McGowan, a police sergeant, stood up in Superior Judge Lawlor's court shortly after 10 o'clock this morning and pleaded guilty to charges of conspiring with a band of bunco men who robbed victims of $300,000 and all save Esola were sentenced to serve a term of nine months in the county jail. The crime for which the six former policemen must serve a term in prison is a misdemeanor and the maximum sentence which could have been imposed was one year or a $1000 fine, or both.

Frank Esola was brought into court just after the sentencing of the other co-defendants, and after a short consultation with Attorney Tom O'Connor, during which the latter explained to him that his sentence on the misdemeanor charge would run concurrently with his penitentiary term, he also pleaded guilty.

LEGAL POINT INVOLVED.

Attorney O'Connor explained that as Esola had already been sentenced to five years at Folsom, he would request that the nine months run concurrently, it being understood that the Folsom term would cover the county jail sentence. The court declared that he did not believe this could be legally done. Attorney Barrett interjected with the remark that it had been understood. Fickert was willing, but Assistant District Attorney Brennan demurred. Finally the court decided that he would look up the law in the matter and it was agreed that sentence might be pronounced in the absence of the defendant.

The proceedings this morning were devoid of the dramatic features which characterized the sending of Frank Esola to Folsom penitentiary on Saturday. Most of the actors in Saturday's performance, however, were on hand. The courtroom was jammed. Outside in the corridor five uniformed officers held back a throng twice as large as that which had been admitted.

District Attorney Fickert and Assistant District Attorneys James Brennan and Edward Cunha were on hand for the prosecution and the defense's battery consisted of Attorneys John J. Barrett, Nathan Coghlan, Thomas O'Connor, Bert Schlisinger and Alexander O'Grady. The last named represented Detective Sergeant Arthur McPhee and Patrolman Charles Taylor, who did not plead guilty, but who will stand trial.

ESOLA CASE PASSED.

Frank Esola's name came first on the calendar. He was not in court and his case was passed for the moment. Then Louis Droulette was called.

"If your honor please," said Attorney Tom O'Connor, who was the spokesman, "the defendant now desires to withdraw his plea of not guilty and plead guilty."

Droulette stood up. His face was crimson. His lips twitched nervously, but he faced the court with an aspect of determination.

"What is your plea?" asked Clerk Groom.

"Guilty," said the officer faintly.

"Is that your personal desire?" put in the court.

"Yes, sir."

"Do you make that plea without the

WILSON WILL READ CURRENCY MEASURE

Finishes 1200 Word Document, Urging Revision of Laws.

WASHINGTON, June 16.—President Wilson probably will read his currency message personally to both branches of Congress assembled in the hall of the House, as he did his tariff message. He finished writing the message today. It is about 1200 words long and urges immediate revision of the banking and currency laws.

The President expects the currency bill to be launched in both houses of Congress some time this week. It represents the administration's views and according to Mr. Wilson himself will be "no man's bill," but the results of common counsel among currency reform advocates, whose suggestions were condensed and formulated by Secretary McAdoo of the treasury, Chairmen Owen and Glass of the Senate and House committees on banks and currency respectively, with the advice and assistance of the President.

NO COMMENT.

At the regular semi-weekly conference [illegible] spondents today the President was asked for an explanation of some of the principles of the currency reform, but said that inasmuch as the bill and his own message would be made public within a week he would refrain from comment. The President was undecided as to whether his message would be presented to Congress in advance of the currency bill or whether both would be made public about the same time. The impression prevailed that the bill would be introduced in both houses by Wednesday or Thursday of this week and that the President will pronounce his views to Congress about June 23.

The President did declare, however, that there were no essential variations among the leading Democrats with whom he had consulted concerning currency reform.

NEED RECOGNIZED.

As to the intimation from the capitol that currency legislation was not desired at this session, the President declared no such information had been conveyed to him. His impression was that the need of currency legislation was recognized, but that the only objection raised against its enactment at the extra session was the approaching hot season.

Harmony of purpose, but perhaps not harmony of opinion is the way the White House sizes up the currency situation. With the feeling that the framers of the bill have been walking on sound ground the President and Democratic leaders hope to reconcile differences so that there will be party agreement eventually. There is no disposition to regard the currency bill as it is launched as the final word of this administration on the subject.

Chairmen Owen and Glass conferred agaian today and Mr. Owen afterward announced that the bill practically had been completed and would be considered in committee this week and taken up and passed before the extra session adjourned.

ARTIFICIAL SENTIMENT.

"This talk of no currency legislation [illegible] said Senator Owen, "is based on artificial sentiment. It is sentiment stirred up by persons who do not want currency legislation. Some of it, of course, springs from the idea that it is a deep subject which will require prolonged study and debate. This because no concrete proposition has been submitted for consideration of Senators. When we present a tangible proposition I think they will see that the problem is not such a difficult one after all."

Senator Owen believes in a plan which will embody a rational reserve system and a central board of control dominated by the federal government.

"Personally," said Senator Owen, "I believe that the bankers should get out of the governing business, just as the bankers have argued that the government should get out of the banking business."

With Representative Henry's effort to reopen the money trust inquiry Senator Owen is in accord, except that he does not agree that it would delay currency legislation.

"Currency legislation may proceed just the same," said the Senator. "I think that Representative Henry is right in demanding further investigation of the money trust and I believe if the public is given the whole truth certain big bankers who have posed as benefactors and patriots may be shown in a different light."

AKED SAYS THEOLOGY IS IN TALLOW-CANDLE AGE

SAN FRANCISCO, June 16.—Before an audience which filled the First Congregational Church, Dr. Aked preached last evening on Winston Churchill's latest novel. Dr. Aked outlined the plot of the story and the author's treatment of his theme—the insufficiency of the old theological ideas to solve the problems of the present day life. "There is not a business left today in the civilized world," said Dr. Aked, "in which you could make a living if you went at it in the way in which your grandfather did and make a fortune. The latest labor-saving devices are not too costly in business until you come to the church. In theology we are still sending letters across the continent by the pony express and in religion we are still bringing freight around Cape Horn. The churches are yet in the tallow-candle-and-snuffer stage of evolution."

Dr. Aked told of having taken oath on Saturday that he was not an anarchist, and told his congregation "Not everybody here could swear the same thing truthfully. The stand-patter who is opposed to progress, who defends things as they are, is the true anarchist. It is in the nature of things to change."

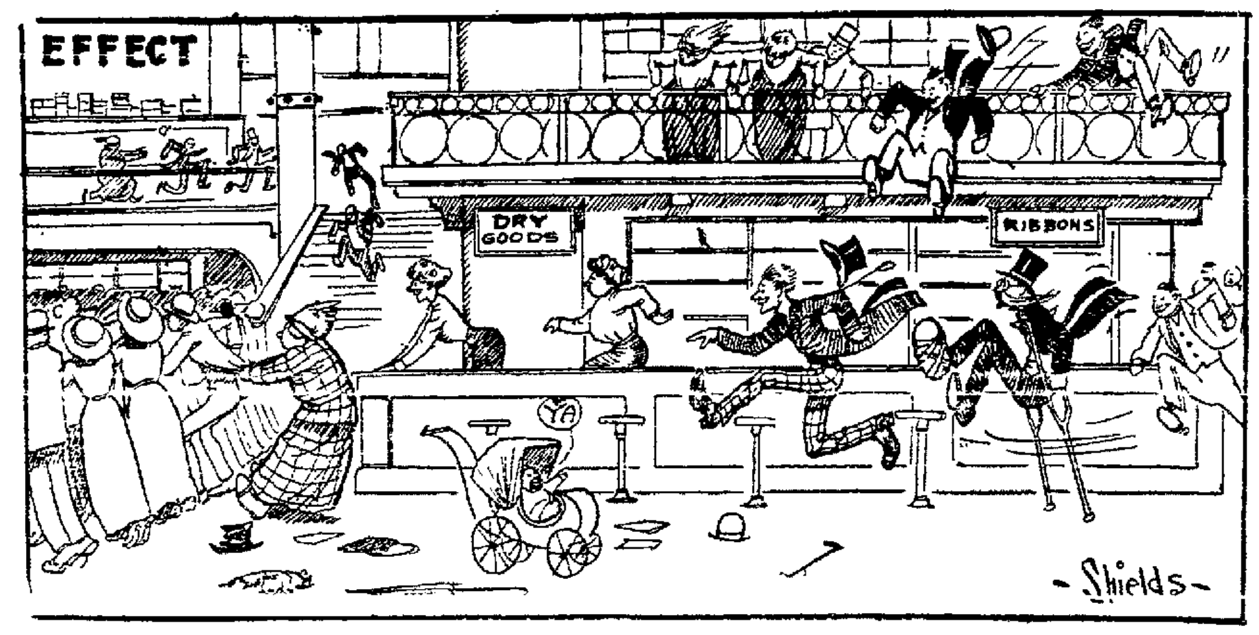
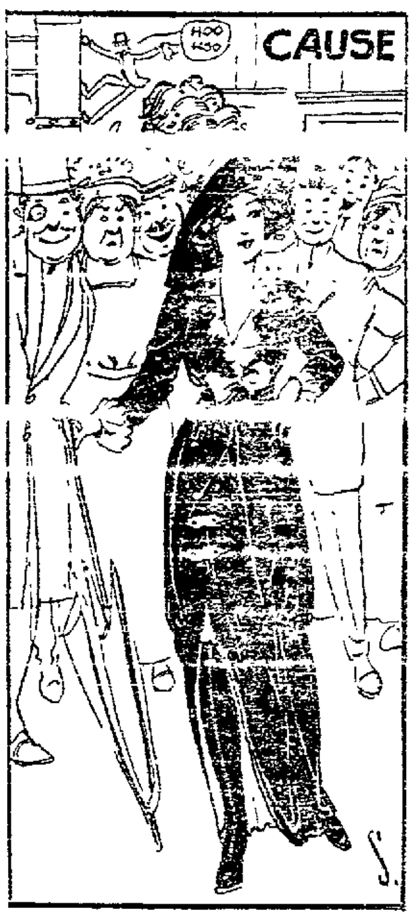
SLIT SKIRT AND LINGERIE DO THE REST





A skirt high slit,
A limb to fit.
A little edge of lingerie;
Rose-colored hose,
From knees to toes.
Held rubber-necks in ecstacy.

My, my, what gay blades the people of Oakland are!

Do they agree with their chief of police, that the modern woman wears her attire too short at the feet and too low at the neck, and the skirt slit far, too far upward?

Now that is a question. On one point, however, they seem to be unanimous. When the opportunity is given to view such a sight—a real pretty woman ultra-modishly dressed in the fashion condemned by Chief Petersen, they make the most of it.

Tut, tut, why shouldn't they? Perhaps 'twill not appear again, at least [illegible] of Oakland's largest Washington street emporiums.

BUSINESS SUSPENDED.

My, what a commotion! The tatooed lady walking bare-armed through the streets would not even get a second look in competition with a brave stranger who had her dressmaker slit her wondrous skirt so altitudinously that it drew the curious from behind the counters and from in front of them, from the offices of the establishment and from the elevators, including the liveried lads who work the ropes. The store was crowded. A Saturday afternoon shopping crowd was inside and outside on Washington street and Eleventh, and they followed the wearer of rose-colored hose and white lingerie, which insisted on peeping out upon the world at large.

In other cities these sights may be common enough, but in Oakland! Well, the crowd that followed the damsel with the rose-colored stocking was proof of the unusual rarity of the occasion. While the lady walked about, herself unblushing and apparently quite unconscious that she was the center of all eyes, the observed of all observers, and perhaps—it may even be so—quite ignorant of that bit of lace above the knee, business in the store was forgotten by customers and employes.

An automobile ride around the city and environs, followed by an informal entertainment at the local club's headquarters was enough to bring the members of the two bodies closer together and mutual regards and admiration were expressed this morning by both parties when cordial farewells were said. After a short visit to Victoria the California delegation intends seeing Vancouver and Spokane and from thence home, after a two weeks' visit to the "glorious northwest," as the Oaklanders so aptly call it.

MISSION HAS OPENED POOR MEN'S EXCHANGE

With the idea of creating work for the assistance of the poor and needy, the Bethel Home Mission has established a grocery exchange in connection with the wood and coal yard which has been operating on Ninth street for some time. J. Little, a prominent worker for the poor, originated the new exchange, and it will be under his and Rev. A. C. Austin's direction. It will be located at 309 Ninth street. The mission does not ask for charity, but will exchange for articles in the store for articles of equivalent value. Men who are out of work can secure work and will receive in exchange groceries and other supplies. Although donations are not asked for, they will be accepted if offered.

TO WIPE OUT MILLIONS LOST EACH YEAR BY BROKEN EGGS

WASHINGTON, June 16.—The yellow trail of broken eggs which annually marks the path of transportation lines will be wiped out or considerably diminished if shipping experiments being made by the department of agricultural experts are successful. The losses in eggs broken in transit each year mount into millions of dollars.

"The situation is growing very acute," says the department in a statement today, "because the railroads are claiming that their damage losses are such as to make the carrying of eggs unprofitable. The shippers and consignees have large sums of money tide up on claims and litigation with the roads."

In an attempt to disclose the great waste for which a remedy is being sought the department gives official figures of the loss in shipments to New York city in 1909 alone. In that year it was nearly 138,000,000 eggs, or about 9 per cent of the eggs consumed there.

Order Reversed and Students Wait on Servants; Brothers Speak.

As an unoffical termination of the ceremonies of Golden Jubilee Week at St. Mary's College, a dinner was given the employes of the institution by Brother Stephen, econome of the college. Brother Fabrician, the president, attended, and four students reversed the usual order of things and acted as waiters for the men who through the year have been waiters and janitors, cooks and gardeners.

The employes availed themselves of the occasion to present to Brother Fabrician a set of vases to constitute an attractive jubilee souvenir. The men were loud in their praises of the institution and of the good feeling which exists between the employes and the administration.

Brother Stephen, for the past two years in charge of the domestic department of St. Mary's, spoke at considerable length laying down the bases of happiness and service, and indicating how harmonious relations between employer and employe can best be preserved.

SISTER DENIES SUICIDE THEORY

Strange Woman Identified As Alice Preston; Was Dressmaker in Oakland.

SAN FRANCISCO, June 16.—The pretty young girl who turned on the gas in a room at 1329 Eddy street, and, after counting the beads on her rosary, laid down to die, has been identified as Miss Alice Preston, a dressmaker, 25 years old, who has been living until recently with Mrs. Margaret McCahill of 2114 Telegraph avenue, Oakland. The identification was made by a sister of the dead woman, Miss Helen Preston, who called at the Emergency Hospital last night but a short time before Alice Preston passed out of this life.

Miss Helen Preston scouts the idea that her sister attempted to kill herself, and says the affair was accidental. Five weeks ago the dead girl came to California from New York, and when she left Oakland last Tuesday she went to consult a physician regarding an illness which had made here despondent. Her sister says that she was of a religious disposition and would not kill herself, but the destroying of identification marks combined with the condition of her room [illegible] theory is correct.

SOLID CAR LOAD COMES TO OAKLAND

Popularity of Genuine Autopiano Player Piano Indicated by Immense Shipments.

The shipment of a solid carload of regular pianos is not an unusual thing, but when solid carloads of Autopiano player pianos are shipped from the factory direct to Oakland the fact is worthy of special mention.

Autopiano player pianos are the most popular instruments, but after all they are expensive pianos. A monster carload containing 21 instruments arrived for Eilers Music House at the Western Pacific yesterday. Included in this carload are two very elaborate specially designed Autopianos which are valued at over $1000 each.

The entire shipment of these Autopianos is worth more than [illegible], almost three times as much as would be an average carload of regular pianos.

These pianos go on sale immediately at Eilers Music House, but instead of being ticketed at the customary old-time-highest-price-to-be-gotten [illegible] profit-per-piano policy, so that the genuine Autopiano player piano may be secured at less than what would have to be paid a few years ago for a high grade regular upright piano.

It is really astonishing to see how many Autopianos are in daily use on the Pacific coast alone. Eilers Music House now exhibits a printed list showing the names and addresses of Pacific coast Autopiano owners. The [illegible] It contains the names of thousands of the best people of the Pacific coast, business and professional [illegible] men and women who know merit and value when it is presented.

As stated heretofore in our announcements the Autopiano has invariably proven itself the very best of all player pianos. There are no clap-trap devices, pointers, emphasizers, etc., etc., which are frequently found attached to inferior makes of pianos to serve as talking points in order to make them salable. Such devices are positively obsolete and useless, as will be seen when the latest Autopiano player piano and music rolls for same are investigated.

Autopiano player pianos are equipped with the finest insulated metal tubing. We do not believe that rubber tube player pianos will prove serviceable in this territory.

See the beautiful genuine Autopiano player piano now to be had for $485, including free music rolls, sold on a new easy payment plan which makes ownership possible to every home worthy the name.

STANDARD SLEEPER INTRODUCED BY S. P.

A through standard sleeper between Portland and Los Angeles is the latest innovation to be introduced by the Southern Pacific. The sleeper, which is already in operation, will leave Portland on the Shasta Limited in the morning and arrive at the Sixteenth-street station at 8:16 p. m. the following evening. The car will then be attached to one of the company's fastest trains and proceed to Los Angeles via the Coast Line, leaving First and Broadway at 9:39, the same evening as the arrival from Portland.

Returning from the Southern city, the car will be attached to the Sunset Limited, which leaves at 5 p. m., arriving at Sixteenth-street station at 11:55 the next morning. Portland will be reached the following day at 2:30 p. m.

The company has acceded to a constantly growing demand on the part of Oaklanders and all Coast people for a sleeper that can make quick time between the points just mentioned.

CONTRA COSTA COUNTY IN TELEPHONE BOOK

H. C. Brownlee, District Commercial Superintendent of the Pacific Telephone and Telegraph Company, has notified Secretary Denison of the Chamber of Commerce of favorable action on the latter's request to have Contra Costa county included in the next issue of the telephone directory of the bay region.

The proofs for the June issue are now being read and all the towns in Contra Cost county will be included. This will prove a great convenience to Oakland business men doing business in Contra Costa county, and also facilitate the use of the telephone by the people of Contra Costa county.

The matter of a direct service with a central exchange at Walnut Creek is also under consideration, and it is believed that the telephone company will see that it is to its interest to give the people of the central portion of Contra Costa a first class direct service to Oakland.

"STRENUOUS LIFE" TO BE PRESENTED

Lesadais Dramatic Club to Produce Farce for Two Performances.

The rollicking three-act college farce, "A Strenuous Life," will be staged by the Lesadals Dramatic Club in St. Anthony's Hall, East Sixteenth street and Sixteenth avenue on Wednesday and Friday evenings next.

The play, depicting the hilarious sides of college life, exemplifies the genius of its author, Richard Walton Tully, California's playwright, whose ability was first appreciated in the production of his "Rose of the Rancho."

Judging from the talents displayed at the rehearsals of "A Strenuous Life" the presentation of this farce will even excel the past efforts of the thespians, whose successeses include, among others, "A Quiet Evening at Home," "The Toastmaster" and "Brown of Harvard."

The leading roles will be essayed by Miss Ethel Healey and Edawrd S. Budd, both of whom are naturally adapted to the desired portrayal of these difficult parts. Particular mention must also be made of James Dolan, Frank Flynn and Jack Budd, their characterizations principally assisting in bringing about the many complicated and laugh-provoking scenes in the comedy. Merriment in all its varieties will be added by others of equal histrionic ability, completing the best amateur cast this club has yet offered.

The farce has been coached by Louis J. Waldear, while Thomas J. Healey is assisting as stage manager.

The advance sale of tickets for both performances has greatly encouraged the members of the Lesadals Club, and indicates a continuance of the support which has always been given them by their many friends. Seats are on sale at Smith Bros., 472 Thirteenth street, and M. J. Keller Co., 1311 Washington street, Oakland. The cast is as follows:

Tom Harrington, football captain, Edward Budd; Reginald Black, his chum, James Dolan; James Wolcotts, freshman, Jack Budd; William Everett James, a Stanford professor, Raphael Polk; Byron Harrington, father of son, Edward O'Brien; Dan Davenport, from Angels Camp, Frank Flynn; Professor Hagee, director of the gymnasuim, Jack Lacey; Dawley, a collector, Elmer Wheaton; Nugata, good, honest, industrious, bright Japanese schoolboy, Louis J. Waldear; Marion Davenport, Dan's daughter, Miss Ethel Healey; Ruth Thornton, Mrs. Wiggin's niece, Miss Marie Kelton; Delcey Harrington, sister of her brother, Anna Kreig; Mrs. Wigington Wiggins, landlady, Miss Lucy Kreig; Widow MsGuire, purveyor to the thirsty, Miss Agnes McGee.

The action of the play takes place in Berkeley at Mrs. Wiggins' boarding house.

MAY RESUME NELSON STEAMSHIP SERVICE

A communication has been received by the secretary of the Oakland Chamber of Commerce from a representatives of the Charles Nelson Steamship company in relation to the reasons for the discontinuance of their direct service from the Sunset wharf, Oakland, to Seattle, Tacoma, Everett and north coast points connecting at Seattle with rail for interior points in the states of Washington, Idaho and Montana.

This communication states that the service was conducted at a loss because Oakland shippers did not avail themselves of it. The Nelson people state that they established the service here upon assurance that there was at least 1200 per month, a great portion of which would be forwarded by their line. They find that this assurance has not been carried out, but say that if 350 tons of freight per month was guaranteed they would be ready again to enter this field. If proper arrangements could be [illegible] wharfing facilities in this connection, and if business would warrant it, the Charles Nelson people are willing to consider the proposition to dock their steamers at the Broadway wharf.

RATE CASES DECIDED IN MISSOURI

Supreme Court Holds Some Rates Confiscatory and Some Valid

Decrease of Lower Courts in Favor of the Railroad Reversed

RATE CASE RULINGS.

Validity of 2 cents passenger laws and maximum freight rates in Missouri, West Virginia and Arkansas upheld.

No decision announced in Kentucky case.

In Missouri cases great majority of rates contested by railroads as confiscatory held valid.

State freight rates established in Oregon approved.

All claims that the state laws attacked interfered with interstate commerce swept aside.

In majority of Missouri and Arkansas cases the court held that the railroads had nothing to base claim that their property was being taken without compensation of state rates.

WASHINGTON, June 16.—In the Missouri rate cases today the Supreme Court held the rate confiscatory on the St. Louis and Hannibal, Kansas City, Clinton and Springfield and Chicago-Great Western railroads.

The court held the rates valid as to the St. Louis Southwestern, the Missouri Pacific, the St. Louis, Iron Mountain and Southern, the Wabash, the Chicago, Milwaukee and St. Paul and the Chicago and Alton.

The decision holding the rates confiscatory as to the Chicago-Great Western was made to apply by virtue of stipulation between the state and the railroads to the Quincy, Omaha and Kansas City railroad and the St. Joseph and Grand Island railway.

The decision was based on the two-cent passenger law and the maximum freight law.

Justice Hughes, who announced the decision, held that the point sought to be made by the railroads, to the effect that the Missouri rates were an interference with interstate commerce, must be decided against them for the same reasons given by the court in the Minnesota rate cases.

The court also sustained the rates of the Missouri law as to the Chicago, Burlington and Quincy, the Atchison, Topeka and Santa Fe, the Kansas City Southern, the Missouri, Kansas and Texas, the Chicago, Rock Island and Pacific (including the St. Louis, Kansas city and Colorado) and the St. Louis and San Francisco.

In each of these cases the decision of the lower court in favor of the railroads were reversed.

The Supreme Court today upheld as valid the rates imposed by the Oregon Railroad Commission out of Portland, thus affirming the federal court of that state.

The Arkansas maximum freight rate law and the 2-cent passenger fare law were today upheld as valid.

The West Virginia 2-cent law was also upheld as valid. Justice Hughes said the question of interference with interstate commerce was decided in favor of the state for the reasons assigned in the Minnesota rate decisions.

Applications for rehearings of the cut-rate patent decision and the Denver water case were denied today by the Supreme Court.

At 2:15 o'clock the Supreme Court of the United States adjourned until next October without announcing a decision in the intermountain rate cases or passing on an application for a review of the GompersMitchell-Morrison contempt of court case.

ST. LOUIS, June 16.—The Terminal railroad of St. Louis won a victory in the federal district court today when Circuit Judges Sanborn and Smith filed an interlocutory decree interpreting the Supreme Court decision in the ouster suit brought by the government.

SELLS LIFE SERVICE OF OWN DAUGHTER

Suits Between Gypy Fortune-Tellers Reveals Strange Custom.

Gypsy custom of a father bartering the life services of his daughter to a fellow-tribesman for a payment of gold came to light today with the filing of a suit for $25,000 damages by Pete Mitchell against John Cruse and his daughter, Rose Cruse.

According to the complaint, the agreement was made on November 1, 1911, in Oakland, whereby Cruse hired out his daughter to Mitchell in return for $2500. It was understood that the girl's services were to be in the capacity of fortune-telling. About a month after the deal, Mitchell and the girl went to Sacramento, where he established her as a fortune teller. As such she is alleged to have earned $500 per month until on May 20 last, when the father is said to have disrespected his agreement and urged his daughter to leave her employer and return to Berkeley, which she did.

When Mitchell protested Cruse repaid him $650 in return for the broken obligation, plaintiff sets forth.

The suit is unusual for the reason that members of fortune-telling bands seldom seek redress for their grievances in the

MRS. MANUEL THOMAS IS CALLED

DEATH CLAIMS LOVING MOTHER

MRS. FILOMENIA FURTADO THOMAS, WHO DIED AT HER SON'S HOME IN PIEDMONT SUNDAY MORNING.

A life that had been devoted to love and great usefulness was ended early Sunday morning in the death of Mrs. Filomenia Furtado Thomas, the wife of Manuel Thomas of 215 Highland avenue, Piedmont, and the mother of Joseph A. Furtado, who has been forester and landscape gardner for F. C. Havens for 17 years. Mrs. Thomas had been ill for some time at the Providence hospital, where she was taken in the hope of effecting her recovery. Some days ago, however, she was removed to the home of her son, Joseph, at 1335 Grand avenue, Piedmont, where death claimed her at an early hour yesterday.

Mrs. Thomas was a natie of the Azores Islands, where she was married at the age of 16 years to John Antone Furtado. They came immediately to this country, landing at Galveston, where their older children were born. Twenty-five years ago they came to Oakland and since then have lived in this city and Piedmont. She was the mother of nine children, five of whom are now living. Throughout her life she was a devoted and loving mother and a great worker for the education and religious training of young people. She was a member of St. Joseph's church for many years. She circulated the petition for the first night school which was established in North Oakland. She was also an active member of the S. P. R. S. I. Council No. 11.

She was married to Manuel Thomas in [illegible], after the death of her first husband, and is survived by him and five children from her first husband. These are Joseph A. and Seraphina Furtado, Mrs. Mary V. Foster, Mrs. Julia F. Cunha and Mrs. Mary Louisa Vitale.

The funeral will take place Wednesday at 10 o'clock from St. Joseph's church at Seventh and Chestnut streets, where Father Gallo will read solemn high mass. Interment will be at St. Mary's cemetery.

OFFICIALS OPPOSE REES HARBOR PLAN

Mayor and Works Commissioner Suggest Alterations In Scheme.

(Continued From Page 1)

reducing the wharf area, ending near the Southern Pacific mole slips. The plan contemplates joint ferry slips at about the location of the present Southern Pacific mole, with the Key Route trains diverted to the south along the shore line to avoid the proposed channel.

EXPLAINS PLAN.

"To make the situation clear, let us imagine that we are riding out on a Key Route train from the conduit toward the ferries. At present we proceed westerly for a short distance on solid fill, and then over a trestle spanning tidelands which will ultimately be reclaimed. We pass the bulkhead across the Key Route basin just completed by the city on the south of this pier, and then pass on the trestle out several hundred feet to the Key Route ferry.

"Under the Rees plan, following the same course, say in an airship, we would travel first over reclaimed tidelands with factory sites and would reach the bulkhead line. Here, instead of a continuance of the trestle, we would come upon the proposed channel of 1200 feet width, then to the dyke protecting this. There would be no Key Route pier across this channel or beyond the dyke, but the trains would proceed south along the shoreline and go to approximately the present terminal of the Southern Pacific ferry slip.

WOULD CONGEST TRAFFIC.

"This would have the effect of congesting all the ferry traffic at this point. In addition to this, the entrance to the long harbor channel from Oakland to Richmond would be just to the north of this combined ferry slip district, and ships would be going in and coming out constantly in the paths of the ferries.

"It is a certainty that we will have ten, and later five-minutes service on the ferries. A grave element of danger is thus introduced.

"Commissioner Anderson and I have studied the plans, and we have worked out a possible solution to the difficulty. Instead of having the dyke cut across the Key Route pier and basin, as is proposed in the Rees plan, we would suggest that it halt at the point of intersection, and then, instead of continuing across the basin to a point opposite the Southern Pacific ferry slips, proceed westerly along the present line of the Key Route to present terminal.

SILT WOULD BE AVOIDED.

"This would protect the Key Route basin from being silted, would provide an adequate entrance to the channel and basin, and would not interfere with the city harbor plans.

"A difficulty is presented by the electric lines of the San Francisco-Oakland Terminal railways, as our plan contemplates a free channel from tide line to proposed dyke south directly into the Key Route basin, this channel to be open through the present Key Route pier. This would necessitate a high bridge to carry the trains across the channel, high enough to provide clearance for steam ocean traffic, and with drawbridge facilities for 'wind jammers.'

EASY GRADE POSSIBLE.

"This difficulty is not grave, however, as the Key Route system has a lengthy approach both on the shore and ferry sides of this proposed channel, so that it would be possible to have a long incline of easy grade rising to the bridge.

"There would be no need of the proposed dyke across the basin if the Key [illegible] of the dyke. There would be no silting of the basin or channel. Permission has already been granted the Key Route to make this fill solid for a portion of the way."

until the flames were extinguished and they were held until the arrival of a policeman.

The two men were rushed to the receiving hospital, where their wounds and burns were dressed. The explosion had ripped nearly all of the clothing from the body of one.

FLED FROM ATTACKS.

The house, which was a two-story dwelling, was reduced to a shapeless mass of debris.

Trapani came here two years ago from New Orleans.

According to Trapani he was the object of mysterious attacks for nearly nine years in New Orleans and finally he decided to leave. Within a few weeks after his arrival in Los Angeles, he said, his unknown enemies again began sending letters demanding various sums of money. All of these he ignored, believing that the threats of the Black Handers would not be carried out. Last week he said he received what purported to be a final demand for $300. He was told that unless he paid the money to the Black Hand Society he and his family would be killed. This letter he also ignored and the explosion followed.

Trapani asserted his belief that the attempt on his life was planned by a regular society which has headquarters in New Orleans.

FIVE POLICEMEN SENT TO JAIL

Men Plead Guilty In Bunco Cases and Are Sentenced.

(Continued From Page 1.)

representation being made to you that you will receive any sort of clemency and with the knowledge that the court has not committed himself to any promise of leniency in your behalf?"

"Yes, sir."

WAIVES TIME.

"I will say, if your honor please," put in Attorney O'Connor, "that there has been no representation and it is understood by the defendant and their counsel that the court has not assumed nay attitude in this matter whatever."

"Very well, then," concluded Judge Lawlor.

"If your honor please, we wish to waive time and are ready for judgment," said O'Connor.

The court read the history of the case and arraigned Droulette for judgment.

"Now is the time appointed for pronouncing the judgment of the court. Have you any legal cause to show why [illegible] against you," inquired the magistrate.

"There is no legal cause, your honor," responded O'Connor, "but I wish to call your attention to the fact that this defendant loses his position in the police department; that he has a family to support and that he has saved the city the expense of a public trial."

DROULETTE SENTENCED.

Judge Lawlor next read from the code, fixing the sentence, and then continued:

"This defendant appears before the [illegible] officer of the law. The court thinks that his plea of guilty should entitle him to some concession on that account alone if for no other reason. It is the judgment of the law and the sentence of this court, Louis Droulette, that you be confined in the county jail for a period of nine months."

Sullivan, Josephs, McHugh and McGowan, followed in quick succession, and were all given like terms, with a similar line of questioning and with identical pleas being entered in their behalf.

OFFENSE IS MISDEMEANOR.

The five convicted men, together with Frank Esola, Arthur Macphee and Charles Taylor, are accused of having entered into a conspiracy which lasted from January 1, 1909, to April 24, 1913, to combine with De Martini, Gallo, Corrigan Pasquinni and the other bunco men to commit grand larceny with them. This is a misdemeanor offense. All of the five sentenced today have still felony charges hanging over their heads. They are accused, by indictment of the grand jury, of robbing John Mineni out of $2100 on September 15. This sum was their share of what the bunco men stole from Mineni.

The remaining cases against Taylor and Macphee were then called and Attorney Alexander O'Grady announced that his clients did not desire to change their plea, but were ready for trial. The prosecution also answered ready and the work of empaneling a jury was begun.

FICKERT UNDECIDED.

District Attorney Fickert, when asked as to whether the felony charges would be pressed against Droulette, Sullivan, Josephs, McHugh and McGowan, said: "I cannot tell what we can do. It has not been the custom of my office to press two accusations against a man and it may be that we will not bring the other cases to trial. Of course we will have to decide within sixty days, when the statute of limitations would operate."

Attorney John J. Barrett was of the opinion that the conspiracy charges practically covered the grand larceny charges and that the two cases were so closely associated that one dovetailed the other and that a further prosecution might not legally be had. He said, however, that he had not looked into the question closely.

TO CONFER WITH DEFENDANTS.

When Assistant District Attorney Brennan was asked as to whether he would put the convicted officers on the stand to testify against Macphee and Taylor, replied:

"If they can testify, if they know anything against the defendants, I will certainly put them on the stand. I intend this afternoon to have a consultation with them and they may be called as witnesses."

Attorney Barrett declared that his understanding of the matter was that the defendants would not so testify.

At tonight's meeting of the Board of Police Commissioners it is expected that Sergeant James McGowan and Policeman Louis Droulette, Jack Sullivan, Charles Josephs and William McHugh will be dropped from the rolls of the police department. The reason given will be the conviction and sentence today in Judge Lawlor's court on a conspiracy charge.

Marconi Scandal to Be Heard Wednesday

LONDON, June 16.—The debate on the Marconi committee's report, which the prime minister has fixed for Wednesday and Thursday in the house of commons, is expected to be exciting. In well informed political quarters it is asserted that both Sir Rufus Isaacs, the attorney general, and David Lloyd George, chancellor to the exchequer, have offered to resign if necessary, but that Premier Asquith had refused to consider such a solution of the matter.

Political gossip credits the government with the intention of proposing in parliament self-denying resolutions, which, if carried, would preclude any minister in the future from holding a directorship in any public company or shares in any company contracting with the government.

Jailed I. W. W. Leaders Issue Strike Order

IPSWICH, Mass., June 16.—A statement urging the hosiery mill strikers to remain firm in their demands was issued from jail yesterday by Carroll L. "Stay together on the right road and the good road, and it will bring you better living," the statement read. "This war is with the capitalist. We must win. Don't go back in the mills while the police are on guard. We will win."

Supervisors Refuse to Patrol Roads at the Public Expense; Hear Clinic Urged

The Panama-Pacific auto races, from Los Angeles to San Francisco, may have to choose a route not passing through this county. The request to use county roads was referred to committee this morning by the Board of Supervisors, with strong recommendations that it be denied.

The Western Automobile Association made the request for the use of county roads for the Panama Pacific road race July 4, which was the cause of an argument. The application, signed by Walter Hempel, manager of the race, asked the use of the road from Tracy to Livermore and then through Warm Springs and Mission San Jose.

"You seem to be expected to police the roads for these people," declared District Attorney Hynes. "You will be letting these people go over some dangerous roads, and fatalities will result. They expect you to pay for this."

"Well, there's no chance," said Chairman Mullins. The application was filed and the road committee will report on it Monday.

The auto association will be urged to state whether or not it will pay the expenses of patrolling the highways.

WANT COURT AT DECOTO.

The Decoto Chamber of Commerce, through C. A. Naismith, secretary, requested that the court of justice of the peace be held in Decoto, where the late holder of that office, T. S. Fereira lived. The new justice, J. E. Wamsley, lives in Irvington. The application was filed.

The commission asked that the past four years' assessments against the land be dismissed on this understanding. This was ordered. The park was purchased from the trust company, but through clerical errors this was not noted by the assessor. Corrections were also ordered in the matter of the assessments of John Worthington, deceased, assessed for poll tax.

The same action was taken in the case of the estate of Henry A. White, deceased. Several other corrections were also made.

ASK LICENSES.

Frank Tuscano, Niles, and G. Lazzarini, Newark, applied for liquor licenses. Andrew Johnson, Russell, and John Laven, San Lorenzo, were granted licenses.

Miss J. E. Devereaux was named telephone operator in the court house. Tom Sullivan was named nurse in the County Infirmary, to care for the smallpox patients.

To fill the vacancy caused by the death of George Bontelho, Manuel Oliviera was named as the constable of Washington township. Bontelho had charge of the Alvarado district. Bontelho lived at this place, as also does the new appointee. Bontelho held this position for some five years.

REPORT ON AWARDS.

Official report of the awarding of the prize for plans for the new County Infirmary was made by advisory architect H. H. Meyers. Charles P. Meeks was officially voted the winning architect, and his plans adopted.

John McHugh, court house watchman, was granted a two week's vacation. M. C. O'Brien was named as nurse, A. Larsbach as bookkeeper, and Mrs. C. F. Dodge as seamstress at the County Infirmary.

A free dental clinic, under the management of the county, was urged by Mrs. H. N. Rowell, representing the mothers' clubs of the bay region.

"Most of the school children are actually suffering," said Mrs. Rowell. "We have given the matter much thought. The condition is really serious."

Some time ago the board refused to support the clinic operated by the County Dental association.

"We plan to look into this matter when the next budget is made up," declared Chairman Mullins. "We can do nothing until then."

N. A. McConagly and others petitioned for the abandonment of a portion of a disused road near San Lorenzo. Viewers will be named and the matter reported on next week.

REPORT ON ROAD.

P. A. Haviland, J. B. Parsons and M. G. Callaghan, viewers for the proposed new road in this same district, reported in favor of the plan. It will be taken up for action Monday.

The contract for repair work on the court house, totalling about $2000 was awarded Fred R. Moore, of Oakland. Work will begin at once.

Miscellaneous requisitions for general supplies at the infirmary, jail and for county offices, were granted.

"I figured I might get turned down and I did not want none of the home people to know about me trying to get the place."

The Santa Barbara carpenter exhibited emotion when discussing the probable outcome of the case:

"I have more friends in Santa Barbara than you can shake a stick at," he exclaimed proudly. "You know," he added tearfully, "it would just about kill me to go back home and have the little children that know and love me point me out on the street as a briber."

100 DISHWASHERS ARE COLLEGE MEN

Union of 700 Shows Big Percentage From Halls of Learning.

SAN FRANCISCO, June 16.—Here is a little sequel to the big books on pedagogy which tell all about ontogeny recapitulating philogeny, cultural and humanitarian values, and things like that. The story does not bear the bold imprint of authority, which school men love so well. It is spun out of the fag ends and ravelings of blighted lives, and written in painful script into the records of the "casual, migratory and unskillful."

Out of the 700 members of the San Francisco Dishwashers' Union [illegible] a greater proportion of college men that can be found in any other union.

The San Francisco union is the only one of its kind in the United States. It was granted a charter by the International Hotel Men's and Waiters' Association, and its membership has been steadily increasing since it first opened its headquarters, at 303 Sixth street, several years ago. A dishwasher gets $10 per week. Many a chap who has had difficulty in cashing his [illegible] has been enabled by this endowment to carry on interesting but not entirely academic researches in the relative food value of corned beef and cabbage, or coffee and sinkers.

There is a low, dingy lounging room at the headquarters.

ECHOES OF OTHER DAYS.

Nearly every afternoon there is a "seminar" around the table. It is just like any other seminar. There is talk of "types," and "reflexes," and "unconscious cerebration," some of it stilted and declamatory, and parading the worn trappings of past gentility. Sometimes a cynical laugh breaks in.

CLEAN-UP TO MARK CIVIC PRIDE DAY

Central Improvement Club of Allendale to Have Practical Celebration.

FRUITVALE, June 16.—"Civic pride" day will be held by the Central Improvement club of Allendale June 21, the occasion being a big clean-up of the district. Arrangements for the cleanup are in the hands of a capable committee. A joint committee is working with the Mothers' club in preparation for an independant Fourth of July celebration.

A plan of campaign of education for the municipal water problem was drawn up at a joint meeting of the Galindo and Latham Terrace Improvement clubs. It was urged that action be taken through the United Improvement clubs. Another joint meeting will soon be held.

H. J. Moore, chairman of the Bona Terrace club street committee reported progress in the suit to delay the Bona street extension. It was reported that the extension of Kaiser street would be made by private subscription of property owners. A protest was registered against the dark streets, and the club emphatically opposed the municipal water district plan.

STREET PROBLEMS.

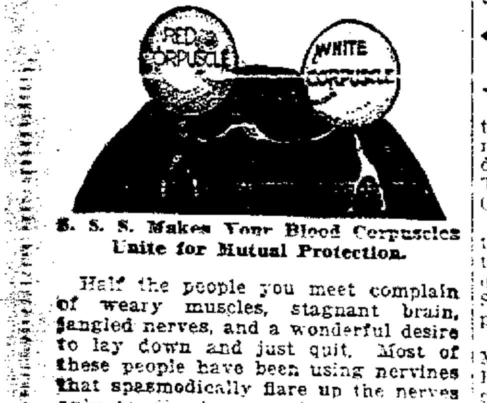
Street problems were considered by the Taxpayers' association and members of the street department were heard on the cost and district assessment method of street opening.

The municipal water district plan is engaging the attention of the Hopkins street inmprovement club.

The Mothers' club of Fruitvale school No. 3 sponsored an entertainment given by the Glee club of the school Friday evening, the proceeds to go to the school phonograph fund.

Wan, Weary and Worn Out

If You Feel Fagged to a Finish and Utterly Used Up Here is Quick Relief.



S. S. S. Makes Your Blood Corpuscles Unite for Mutual Protection.

Half the people you meet complain of weary muscles, stagnant brain, jangled nerves, and a wonderful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

The medicinal value of the components of S. S. S. is relatively just as vital and essential to well-balanced health as those of the grains, meats, fats and sugars of our food.

If you feel played out go to any drug store and ask for a bottle of S. S. S., Swift's Sure Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest food. Do not neglect to get a bottle of S. S. S. to-day. It will make you feel better in just a few minutes. It is prepared only in the laboratory of [illegible] our great free book [illegible] many strange conditions that afflict the human family by reason of impoverished blood.

FLOWER CANTATA PICTURESQUE

CHILDREN ARE IN EXERCISES

Congregational Sunday School Classes Surprise Parents.

HAYWARD, June 16.—A dainty and pleasing spectacle was afforded the parents of children attending the Congregational Sunday school at the closing exercises of the school yesterday afternoon. Girls and boys of the different classes performed a series of interesting exercises under the supervision of their teachers. The first part of the program consisted of songs by the school, and recitations by the primary department. A picturesque little flower cantata, entitled "Flora's Birthday," was highly appreciated by the audience. Children taking part in the cantata represented different varieties of flowers. Two of the bright Sunday school pupils who contributed to the success of the cantata were Mildred Russell, who represented a tulip, and Jean Dummermuth, who played the part of a violet.

Rev. B. D. Naylor, minister of the Congregational church, presided over the exercises, which were witnessed by a large gathering of the parents and friends of the scholars.

'WETS' AND 'DRYS' IN FINAL RALLIES

Two Mass Meetings Will Mark Close of San Leandro Campaign.

SAN LEANDRO, June 16.—The entire voting strength of San Leandro is expected to turn out tonight to the two mass meetings of the "wets" and "drys," the final rallies of the opposing factions before the no-license election tomorrow. There is talk of the two meetings being held on each side of the plaza, and a stirring finish to a bitter campaign is anticipated.

Should the "drys" hold a mass meeting on the plaza, then three meetings will be in full swing at the same time this evening, as Dr. Bane, of the Anti-Saloon League, will speak in the theater.

A. Ruth of Olympia, Wash., will be the principal speaker in the saloon interests tonight. Dr. Bane and A. Bristol will address the meetings of the "drys" under the auspices of the Women's Christian Temperance Union, who are conducting the campaign.

Fourteen saloons will be affected by the election. On the occasion of the last no-license election, San Leandro voted against the closing of the saloons.

The election booths will be open all day tomorrow in the three precincts. There are 1080 voters, and it is expected there will be a full vote cast. About 600 of the voters are women. The fact that the election falls on Bunker hill day, June 17, is looked upon as an augury by both sides. The side which runs short of powder, or votes, will have to retire from the fight.

HAYWARD TO REVIVE DRAMATIC INTEREST

HAYWARD, June 16.—[illegible] interest in dramatic affairs is urged by prominent society women of Hayward. Although a dramatic club exists, there has been little activity in the production of plays, and a large amount of talent has thus been allowed to lie latent. The aim of the dramatic club which was formed is to cultivate an appreciation of the classic drama and modern playwrights.

Prominent members of the club are A. W. Beam, P. W. Moody, Miss Wilhelmina Pohl, George Park, J. E. Welsh, Miss Isabel Cullie, Miss Anita Quist, Miss Mabel Lowell and N. H. Wahl.

MARE ISLAND NOTES

MARE ISLAND, June 16.—The time taken off by employes on account of sickness will not be deducted from the fifteen days' annual leave due to such employes. The new order is based on a decision of Controller of the Treasury Judge Downey.

LEAVE VICTIM ON ROAD, AND FLEE

Car Traced to Fruitvale Owner, Seriously Injures San Leandro Rancher.

SAN LEANDRO, June 16.—Manuel Rose, 65 years of age, a prominent rancher of San Leandro was seriously injured yesterday when he was knocked down and run over by a speeding automobile as he was crossing Estudillo avenue at Washington street.

The machine, which is said to belong to a man named Anderson of Fruitvale, and in which were three people, stopped for a few moments and then drove away, leaving the injured rancher lying unconscious on the road. Eyewitnesses say that the car was going at a high rate of speed. Rose was conveyed to a doctor's office, where severe injuries to his hip were attended to. It is feared that he has sustained internal injuries and may not recover.

Word was sent by Marshal Joseph Peralta to the authorities of Hayward, Niles, and San Jose to arrest the driver of the machine. During the brief time the auto stopped its number was taken, and from it Peralta traced the car to Anderson.

TAKE PLENTY OF TIME TO EAT.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by Osgood Bros. drug stores.

"The Owl's" 21st Anniversary Sale

EXPANSION DAY

We are holding a series of special sales this week to celebrate our twenty-first anniversary.

This day we call "Expansion Day."

We call it Expansion Day because never in the "Owl's" history have we been expanding as rapidly as we are now doing.

Today, in addition to supply houses and manufacturing plants, we have 18 stores in operation, employing over nine hundred people.

We have just completed a big new characteristic "Owl" store in Spokane, another in Los Angeles, and are erecting a four-story building, which will contain a large store corner, in San Diego.

Shortly we will install another new store in Oakland, and another manufacturing plant to take care of our over-taxed capacity. Therefore, we are sure you will agree with us that rightfully one day of our twenty-first anniversary should be "EXPANSION DAY."

No doubt you were agreeably surprised at the truly remarkable specials you found on Monday in nearly every department of our various stores. We knew Announcement Day would attract immense crowds, but we believe today will eclipse Monday's record. We've arranged a great many Special Offerings with this end in view.

FIRST BRIDE IS CLAIMED AGAIN

Explorer and Publisher Remarries Wife of His Youth.

CHICAGO, June 16.—W. D. Boyce, explorer, publisher and, when marriage questions are involved, son fighter, is married again. His bride is Mary J. Boyce, his first wife.

The wedding ceremony was performed in a bungalow Boyce has been building for two years at Ottawa, Ill., to replace that burned several years ago.

The only witnesses were Mr. and Mrs. E. C. Swift, old friends. Rev. F. G. Farrar officiated. They came to Chicago last night where a peace pact between Boyce and his son Benjamin was cemented. They have planned a trip to Alaska for the honeymoon.

The marriage makes Boyce's marital record appear about as follows:

He married Mary Jane, his first wife, [illegible]

He divorced Mrs. Boyce August 14, 1908.

He whispered to his son, confidentially, on May 20, 1910, in the Blackstone hotel, that he proposed to marry Virginia Dorcas Lee of Oak Park, who is about his son's age. Benjamin celebrated by knocking his father down, blacking one eye.

He married Miss Lee at her father's home, Oak Park, May 23, 1910. They went to Europe on their honeymoon.

Three months later he left his bride suddenly and went game hunting and exploring in South America. Mrs. Boyce established her home in Santa Barbara, Cal.

A daughter was born April 3, 1911, while the father was still in South America.

Mrs. Virginia Lee Boyce won a divorce February 28, 1912, with $100,000 alimony and custody of the child.

A decision of the South Dakota supreme court refused to declare valid the divorce obtained from Mary Jane Boyce.

Boyce remarried his first wife at Ottawa, Ill.

Mrs. Boyce No. 2 never explained the cause of the coolness, which was reported as being her discovery of a photograph of a nude African queen.

SAYS EAST NEEDS WEST'S LEADERSHIP

PROVIDENCE, R. I., June 16.—The needs of the Orient that can be supplied by this country were outlined yesterday by President W. H. P. Faunce in an address to the graduating class of Brown University. President Faunce, who recently returned from a trip around the world, said that the college graduate "who goes West today may well consider whether he should not keep on going until he comes to the Farther East, into the lands now calling, as never before in history, for the guidance and leadership of the West."

PLAN PROHIBITION OF CHILD LABOR

Bill for Federal Restriction to Be Introduced in House Tomorrow.

NEW YORK, June 16.—A comprehensive plan for federal prohibition of child labor will be proposed in a bill to be introduced in the house of representatives in Washington tomorrow by Congressman Ira C. Copley of Illinois, it was announced by the Progressive party national service here last night. The bill is based on the principles of former Senator Beveridge's original proposal in 1907 denying the right of interstate transportation to the products of child labor. Manufacturers, producers, interstate carriers, jobbers and wholesalers are made responsible for unlawful shipments. By a provision of the bill similar to that of the pure foods and drugs act, goods stamped or labeled "registered under the federal child labor act." Shipments from states having equivalent child labor laws are exempted from the operation of the proposed law.

Some chronic sufferers from rheumatism are human barometers. They can recognize by the growling pains in their tender joints and muscles the slightest increase of moisture in the air.

Such a condition of supersensitivenessis always attended with thin blood. The watery, poisen-laden fluid that fills the arteries must be built up and purified before there can be any progress toward permanent recovery. Dr. Williams' Pink Pills build up the blood and the pure, rich blood eradicates rheumatism from the system and strengthens the body to resist another attack. Unable to Pay Off Mortgage; Ends Life

SAN FRANCISCO, June 16.—Preferring death to facing the officials of a bank this morning without the money to satisfy a mortgage on his property, Morris Epstein, a pawnbroker, well-known here before the fire, committed suicide at an early hour this morning. He was found dead in the rear of his place of business, 464 Third street, with a tube attached to the gas jet in his mouth. He was discovered by his wife, who explained that he had made a similar attempt two weeks ago. Mrs. Epstein said that her husband owns some property on Richland avenue and that the mortgage was to fall due today. He had no way to meet it and did not believe that he would be granted an extension of time. Epstein was 55 years old.

Graduated Tobacco Tax Voted Down

WASHINGTON, June 16.—A graduated tax on tobacco as an amendment to the tariff bill was unanimously rejected by the majority members of the Senate finance committee today who voted down Senator Hitchcock's amendment suggested by Attorney-General McReynolds.

The committee approved placing live stock and grains on the free list with a countervailing duty, except oats, which remain dutiable at 10 cents a bushel and oatmeal at 33 cents a hundred pounds. Citrus fruits were unchanged.

Sagging Wire Cuts Throats on Auto-Bus

NEW YORK, June 16.—A sagging wire today caught the throats of two members of a picnic party riding on top of a double-decked automobile bus near Long Beach, L. I., and sent another man to the ground. One of the men, William Pleng, is suffering from a partially severed windpipe and probably will die.

DENOUNCES BLUE LAWS LEGISLATORS

Congressman From Missouri Says Struggle is Between Puritans and Free People.

JOHNSTOWN, Pa., June 16.—Members of Congress were sharply arraigned here today by Representative Bartholdt of Missouri in a speech at the German day celebration for their alleged yielding attitude toward prohibition and other sumptuary legislation. He took for his text "Personal Liberty," and called on all "liberal" citizens to join in a fight to offset the "puritan cause."

"Are you aware that the last Congress, composed of a Democratic House and Republican Senate," he demanded, "passed a prohibition measure by more than a two-thirds majority? And that the lawyers, who constitute 85 per cent of the membership, knew it was unconstitutional and voted for it anyhow? It is a fact.

"President Taft, true to his oath to defend the constitution, had the courage to veto that bill, but the same [illegible] had taken exactly the same oath as the President, passed it over his veto.

"When things have come to such a pass that responsible lawmakers will overthrow the constitution for a popular fad do you not agree with me that our liberties, for which the constitution is our only guarantee, are in the greatest possible danger?"

FRIEDMANN PATIENT DECLARES HE IS CURED

PITTSBURG, June 16. — Attorney David S. McCann, Dr. Friedmann's first American patient, is returning from Europe after having undergone treatment. McCan believes he has been cured, but denounces Dr. Friedmann for keeping secret his discovery while humanity suffers. McCann, in a letter dated May 31 from Sorrento, says:

"While I believe his remedy is curative, I also believe that it is only the pioneer to the perfected remedy that will surely result as soon as the medical world understands this remedy. When doctors have experimented with it and improved it, then we will have a remedy that will cure quickly.

"This being so, nothing can be said against Dr. Friedmann too strong when we consider that he holds back his secret for private gain."

PORTLAND, Ore., June 16.—John Clark, formerly head of the St. Paul police department and at present a resident of Portland, is said to be slated for appointmen as chief of police of Portland under the commission form of government, which goes into effect next month. MATRIMONY'S SEA CALM STORM LURKS IN CLOUD

By LAURA JEAN LIBBEY

[Copyright, 1913, by Laura Jean Libbey.]

A GREAT many women would like to meet the poets and writers who have told them in verse, in song and in story that marriage meant happiness for them. They were led to believe that by prefixing "Mrs." to the new name given them at the altar all of their cares and griefs were to be shifted upon a pair of manly shoulders whose owner was only too eager to lift the burdens from them.

LAURA JEAN LIBBEY.

Some women have sailed upon the sea of matrimony without encountering either clouds or storms. Others have encountered squalls of every description—aye, and shipwrecks—ere the second anniversary of their wedding day rolled around. These are the women who take issue with the writers who would make the world believe that all marriages turn out happily.

No woman weds with the foreknowledge that she is stepping into a trap. This fact dawns upon the woman whose marriage has been a [illegible] jealousy may play a little part in causing dissension, it is usually the mighty dollar which is at the root of a greater part of domestic infelicities. It usually transpires in such cases that the wife is disposed to make a mountain out of a mole hill.

The wife has believed that marriage entitled her to the free use of his pocketbook. If after a few months' trial a husband sees that his bride makes [illegible] earnings he often feels constrained to withdraw this privilege from her and [illegible] the amount he thinks necessary, with the intention of benefiting her by saving the money.

There are some wives who will submit gracefully to such a procedure. There are others who will resent the tightening of the purse strings most bitterly. No woman likes to feel that she cannot be trusted implicitly with every dollar that her husband possesses. She feels aggrieved if he suggests that she keep account of all her expenditures. There's many a dollar which she may feel like using, and yet not like to give an account of. For instance, if her heart is touched by seeing the toes of a little infant sticking out of its stockings and she purchases the needed booties for the baby of her seamtress, she feels reluctant about telling her husband, especially if he is the kind of a man who will growl about helping to support other people's children.

It is the man who can work, but will not, who causes the marriage bark to drift into troubled waters—aye, and to capsize.

These are the men who find wedded life irksome. They cut down the home expenses to a penny, but it does not occur to them to give up the number of cigars they smoke daily, or to stint themselves in the newest gloves, ties and headgear. When the husband becomes lax about paying the household bills the trouble begins. No wife can meet a husband with a smile in her eyes and a kiss on her lips after she has been dunned by the butcher and baker and candlestick maker, to say nothing of the bitter tirade of the cobbler, who has mended once more her shoes that scarce hold together. When the dairy man refuses to leave any more milk, the man comes to turn off the gas for nonpayment of his bill, and there is but a four-day lamb shank bone from which to eke out the evening meal, and the husband, who is doing fairly well, will not mend matters, then the wife feels justified in rising up in her wrath and calling marriage a failure. She feels that she is a martyr in her endurance.

If a man is unfortunate and cannot make a living the wife who loves him will put her shoulder to the plow uncomplainingly, sharing her last crust with him. But the man who makes enough to support a wife and crushes her heart and pride by withholding what is justly her due is the man who feeds the divorce courts.

DANCING FLUSHES FACE.

"Dear Miss Libbey: I am 19, chumming with another young fellow, one year older than myself. We have been chumming together for three years, and have always been the best of friends. Recently while at a dance we (my friend and I) chanced to become acqpainted with two very nice girls, and the girl he chose to go with left town some time ago. Since then he has been paying marked attention to my girl friend. She does not exactly resent these advances, but I am quite sure she does not like it, for she has given me to understand that she cared quite a little for me. Can you tell me what to do in regard to approaching my friend on the subject? I would not like to have him think me jealous. I am very fond of dancing, but after one or two dances my face becomes very flushed and red. Can you suggest a remedy?

V. S."

The girl must be giving your friend some encouragement. Men nowadays don't pay marked attention unless the girl does give them encouragement. You better not say anything to him at all, because if you are not engaged to her she has a perfect right to [illegible] attentions. I would advise you to consult a doctor in regard to the trouble you speak of. He no doubt could prescribe an effective remedy.

"Dear Miss Libbey: What should a gentleman say to a girl after they have danced together, and what should her answer be? If a young man says to a girl, 'I like your new hat,' etc., what should she say?

B."

The gentleman usually thanks the girl for the pleasure of the dance, and she responds with a simple "Thank you." In reply to his comment upon her dress a girl need only say, "Thank you. I am glad you like it."

LANE ISSUES NEW RULES FOR POWER

WASHINGTON, June 16.—"The lower the rate charged to consumers by electric power companies, the lower will be the tax which such power companies must pay to the Government."

Secretary Lane of the Interior Department announced this yesterday as "the heart of the policy adopted as to the disposition of water rights of the Government."

After carefully considering a power project on the Pend d'Oreille river in northern Washington, the Secretary has laid down five conditions as "an ideal standard toward which to work in the making of the contract between the Government and the applicants for the use of the power." These conditions are:

First—The greater development of horse-power the lower the charge per horse-power to be made on the part of the Government. This is intended to secure the full use of the stream.

Second—The lower the rate to consumers the lower the charge on the part of the Government.

Third—No charge whatever for a period of five or ten years during which the power company is finding its market.

Fourth—Acceptance as a public utility of the State's jurisdiction over intrastate rates and services, and of Federal jurisdiction over interstate rates and services.

Fifth—Absolute prohibition of combination or monopoly and the right of cancellation on the part of the Government in the event that it is established to the saisfaction of he Secretary of the Interior or the courts that such combination has been made or that prices have been fixed by agreement with competing plants.

"It is my purpose," said Secretary Lane, "closely to follow these conditions in the making of all future contracts with power companies. They are just alike to seller and consumer of the power; they are fair to the Government and they will make for the conservation and genuine development of natural resources now going to waste."

BURGLAR KILLED BY POLICEMAN

SAN FRANCISCO, June 16.—Without regaining consciousness a burglar shot by Policeman Justis, of the Mission station, died at the Central emergency hospital at 12:15 this afternoon. He has not so far been identified. The man was attempting to break into a saloon near the home of Harry Carter, of 3054 Seventeenth street, who telephoned for the police. Sergeant Sills responded with a posse of officers. The culprit ran, refused to stop, finally attempting to strike Justis with a club and was shot in the left breast.

Daniel Q. Bramlett, restaurant keeper of 1465 Market street, was robbed of the contents of his cash register by a robber early this morning who shot him when he resisted. Bramlett handed over his coin but as the man turned attempted to hit him with an awning crank. The robber fired two shots which struck Bramlett in the right eye and forehead. The culprit was joined by an accomplice as he ran from the scene.

Bramlett is in a serious condition at the Central emergency hospital.

HEALTH A FACTOR IN SUCCESS.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by Osgood Bros. drug stores.

PUBLISHER SENDS OWN PORTRAIT

When six mysterious packing cases were delivered by an expressman to the different departments of the superior court this morning, each jurist set about to uncover the contents, and six bailiffs with hammers pried off the lids.

"An oil painting," exclaimed Clerk Paul Wattie in Judge Waste's department on obtaining a glimpse of the inside of one of the boxes. "Well, I wonder" said Judge Waste as the contents were produced.

With wrappings off, he looked upon a likeness of an eastern legal publisher, elegantly done up in a two foot by four foot frame. "Now what am I going to do with that," pondered his honor.

Just then Judge Harris stepped in followed by Judge Wells. The three jurists then visited Judge Brown and Judge Ogden and found that their confreres of the bench had not been slighted. Judge Donahue is on his vacation, so he has a surprise in store for him upon his return.

In the meantime the bailiffs are wondering if the frames could not be put to some use as court rooms have not as yet superseded the hall of fame.

PREACHER HEADS DRUNK ROW IN THE POLICE COURT OF CITY

SAN FRANCISCO, June 16.—When the inebriates lined for release in the city prison at 7:45 this morning the third man in the front row wore a frock coat and clerical collar of a minister of the gospel. The drunks were fifty strong and they came from all walks of life, but interest centered on the parson, who faced forward and listened intently for the calling of his name. At last it came. "William Smith," cried the sergeant. Smith stepped forward. On the book the guard read again: "William Smith, aged 75, born in Alabama, occupation preacher."

Smith, who is a negro, was picked up by Policeman Flood on the embarcadero at 10 o'clock last night. Flood did his best to avoid arresting the parson, but the latter's antics, combined with his clerical garb, had attracted a crowd of curious scoffers, and the officer finally decided to take the preacher to the station. He was booked for drunkenness and shortly afterwards his suit case containing two Bibles was picked up by Special Policeman Jones near the ferry building.

Owen Conn, the $100,000 Burglar, Pleads Guilty

SAN FRANCISCO, June 16.—Owen D. Conn, known as "the $100,000 burglar," pleaded guilty to a charge of burglary in the superior court this morning and will receive sentence Saturday. Conn's plea brings to an end a sensational story of successful crime, stretching from Chicago to Los Angeles and up the Pacific Coast to this and nearby cities, and covering a period of two years, during which time Conn, according to his own confession, looted homes in broad daylight of over $100,000 worth of valuables.

At the time of his capture Conn had stored in his room at a fashionable hotel here jewelry valued at over $50,000, most of which he had stolen in California cities.

Chicago Registers Hottest June Day Ever Recorded

CHICAGO, June 16.—The records of the local weather bureau show only three days in June as hot as today, when, at 2 p. m., the mercury in the comparatively cool observatory tower registered a decimal over 98 degrees. There was a day in June, 1872 and two days in June, 1911, when the heat was equally intense.

Five deaths today were attributed indirectly to the weather and there were numerous prostrations. The county board scheduled a meeting to discuss a proposition to distribute free ice to the poor. The health department reported a sharp increase in illness among infants.

Death's Courier—The Motorcycle.

Four fatalities resulted from two head-on collisions yesterday. In one case the accident was due to neglect of an ordinary precaution that both prudence and the law requires—the lighting of automobile lamps after dark. Reckless speeding cost three lives in the other accident. A young man riding tandem on a motorcycle was running a race with another motor bike rider on the county boulevard. He ran into another motorcycle coming at a terrifice rate of speed in the opposite direction, and three deaths are the result.

The accident on the county boulevard emphasizes the danger due to the reckless speeding of motorcycles in and around Oakland. The number of these vehicles is increasing, and the motorcycle riders appear to grow more reckless from day to day. They whirl through the streets with amazing rapidity apparently to show how fast they can go and how contemptuous they are of danger. They might expose themselves to needless perils with small objection if they did not imperil the lives of others. They make the streets unsafe and keep nervous people in a state of nervous trepidation bordering on frenzy. They hug the curbs and dart around corners with frightful velocity, keeping everybody on the quive vive expecting to be run over.

[illegible] how women, children and aged persons escape being run over. Crossing the streets nowadays is like running the gauntlet. Nobody's rights or feelings are respected. Speed mania seems to have bred a heartless indifference to danger and suffering. The motorcycle rider goes tearing through the ruck of vehicles in the crowded streets like a shot out of a gun, enjoying apparently the panic he creates, often barely missing pedestrians on the crossings. There is no excuse for such speed in the crowded thoroughfares; and the disregard of the feelings of persons whose lives are thus endangered is brutally wanton.

No official efforts are made, apparently, to abate this abuse of the highway rights common to all. Hence everybody is doing it. The evil thrives on sufferance. It will grow worse so long as the people submit to it. The harvest is death—there is no compensation. The motorcycle rider seems to reason that if he is willing to make a plaything of his own life others should be willing to face the peril he imposes upon them.

How long are the people of this city going to put up with this condition? Things have reached such a pass that accidents are of almost daily occurrence—preventible accidents due to recklessness and unnecessary speed. The fatal collision near San Leandro is a melancholy evidence that the speeding evil will not abate until the strong hand of authority compels its abatement.

A Vienna dispatch says the Austrian government's war between the Balkan states is inevitable. As the Austrian government has intrigued to bring on another war in the Balkans, it is not strange that it should now regard war as inevitable. The wish is father to the thought. Austria would now be warring with the Balkan allies but for the staying hand of Kaiser Wilhelm.

The German Augustus.

Kaiser Wilhelm well deserves the honors his people are showing him on the twenty-fifth anniversary of his accession. He has proved himself an able and patriotic prince, and while he has carried paternalism to an extreme, he has in the main done much to better conditions for the German people and to promote the peace of the world.

He has made mistakes, and stands for a decaying system which the sentiment of enlightened mankind is turning from as anomalous and outworn, nevertheless he has done much to sustain the prestige of that system and to justify benevolent despotism. In some respects his aim of making Germany the most puissant military power on earth and at the same time the greatest of industrial and commercial nations is incoherent and incompatible, but even his enemies must admit that he has succeeded in blending two inherently contradictory principles to a remarkable degree. He has made Germany a vast armed camp and a great industrial hive at the same time. If he has contracted personal liberty, he has made fundamental rights secure, has maintained order in its best sense, and imparted the spirit of military efficiency to commercial and industrial enterprise.

Whether he has or has not expanded and developed a principle of government and national activity that carries the seeds of its own destruction is a question. The genius of the German people is different from that of the English-speaking races, and it may be that what would inevitably prove a failure in England or the United States is exactly fitted to the temperament and traditions of the inhabitants of the Teutonic empire.

In mental endowment the present Kaiser is probably the first of his race—Frederick the Great, whom he much resembles, not excepted. He has been a wonderfully active man, many-sided and gifted in many ways. He has applied the policy of the martinet to the art and education of his empire, seeking the harmonies of architecture and music in the regularity and precision of the German military system. He has sacrificed the spirit of individuality on the altar of discipline. In the long run the outcome may be doubtful, but in the present its success cannot be denied. Its motive is exalted and patriotic, and therefore worthy of respect and admiration, even though the work does not command approval.

In studying the methods and motives of Wilhelm, one instinctively turns to Goethe's Faust, which may be regarded as picturing the German people in allegory. May not the physical revivification of Germany terminate in the spiritual climax that befell Faust? Germany today is the apotheosis of Wilhelm and his policy. What the years to come under succeeding rulers less able, astute and benevolent than Wilhelm will be the true test of the system which has been brought to such a high stage of development during the present reign. The triumphs of Frederick the Great were followed by the defeats and humiliation of Frederick Wilhelm II. The military system established by the great Frede-[illegible] stood in undiminished potency, apparently, till it met the [illegible] order at Jena.

The lesson of that anti-climax, and, indeed, of all history, is [illegible] the heart of any system is a man. The present emperor of [illegible]rmany is a man. Moreover, he is a prince with princely quali[illegible] and ambitions worthy of his blood, his empire and the im[illegible] tradition.

District Attorney Fickert seems to be making a clean-up in the [illegible]. Five of the indicted policemen came down like [illegible]ockett's coon and pleaded guilty without standing trial. [illegible] is the best policy—for the police as well as other people.

ORPHEUM

Madame Olga Petrova, at the Orpheum this week, easily carries off the honors of the new bill. She makes the vaudevillians like her act, and they showed that they liked it before the evening was over. She is French, with a delightful Parisian twang to her pronunciation. When you can turn a "ragtime-crazy" audience into a serious mood and then turn them back again with a French version of "Beautiful Doll," you're earning your salary—Mme. Petrova does.

"Detective Keen," an old idea with a new twist to it, does not score as heavily as it might, but it does well. The capable work of the company, headed by Arthur Hoops, gets results. Iriney Bereseny, with the aid of Yoska, a violinist, made good from the start, and only the will of a firm stage manager prevented countless encores. The cymbal is a strange instrument to American ears, yet ragtime sounds almost as well on it as on a tinpan piano.

Dave Kramer and George Morton, blackface, hit the target of popularity right on the bell. Chief Caupolican with his excellent voice and his line of talk, came back for three encores, while Bogert and Nelson in a foolish sketch of nothingness, turned on the faucet of applause by reason of being really funny. The Five Hursleys do wonderful tricks of strength and speed; they are the best athletic act that has hit Oakland in some time. Harry De Coe, who balances himself in all kinds of perilous positions, and the talking pictures, rounds out a show that local audiences should like.

OAKLAND PHOTO

"Alone in a Jungle," a two-reel story of love, life and daring, in the animal-infested wilds of tropical South Africa, is the feature of the Monday-Tuesday program at the Oakland Photo Theater. Selig has made many great animal pictures in the past, but none of these have ever surpassed the present subject.

His quest for a suitable mother for his little daughter leads a widower to call upon quite a variety. Several times he is nearly caught in the matrimonial net they spread for him, but the thought of the child saves him. Finally he succeeds in his search. Such is the story of "The Widower's Quest; or, His House in Order," a Vitagraph photo play.

"Max's First Job" is a comedy depicting Max Lauder's behavior when he applied for a job as a Pathe-Freres moving picture actor. He was serious for once in his life when he offered his services and to see Max serious is really amusing. The first film for which he posed was "Mr. Henpeck," and the rough deal he received caused Max to forget that he was acting and he turned suddenly upon one of his co-workers whose duty it was to abuse him, and a rough and tumble fight ensued. The belligerents could not be parted until a stream of water was turned on them.

"Death's Marathon," an extremely interesting Biograph drama, completes the program. In it are featured two of the most popular stars of filmdom, namely Blanch Sweet and Henry Walthall.

IDORA PARK

Merrymakers went to Idora Park in throngs yesterday, drawn by the many attractions in scenic railway, race thru the clouds, skating rink and big canopied ampthitheater. It was a record day at the Park Beautiful. The mild summer weather, the blue sky and the sunshine sent out their call and the people answered.

Over 25,000 visited the park during the morning, afternoon and evening. They shot through the air in the great cloud race at ninety miles an hour, visited the skating rink and ostrich farm, and sat and lay under the big willows on the broad lawns, while the children romped around them or frolicked on circle swing or hurdy gurdy.

The matinee and evening shows in the canopied amphitheater drew their crowds, so that the big auditorium was packed for both performances. The Idora Opera Company was at its best in the closing performances of "A Broken Idol," and deserved applause was freely accorded.

"The Time, the Place and the Girl" promises to be even more popular. This clever musical comedy had a phenomenal run on Broadway and has made a big hit in all the Eastern cities. The Idora company has carefully prepared the farce-comedy and the rehearsal Saturday gave promise that when the curtain discloses the first setting tonight the audience will be given a rare treat in musical comedy.

MACDONOUGH.

"Hanky Panky," the Lew Fields musical comedy which toured two years in the East and made the hit of several seasons in San Francisco, will open a three days' stay at the Macdonough theater tonight. This will be the third city in California where this production will be seen. Oakland people are prepared to welcome home Christine Nielsen, the prima donna, who was born here and has a home here. Florence Moore, who carried away most of the honors in San Francisco, will also receive a big welcome. Max Rogers, Harry Cooper and Bobby North are a trio of German and Swedish comedians who will provide plenty of fun and will be assisted by several other stars, a big beauty chorus and music of the catchy kind, with dancing features which are unusual in a musical show. William Montgomery, Clay Smith, Flo May, Myrtle Gilbert and Virginia Evans round out the cast, the same one which appeared during the long runs of this show in New York, Boston and Chicago.

PANTAGES

Cleopatra danced her way, picked up the serpent, died, and came to, but ah, how differently! Striding with a masculine swing to the center of the stage, "she" said, in a very masculine voice, "Ladies and gentlemen, I thank you." All of which means that Bothwell Browne opened his week at Pantages yesterday. Brown is too well known locally for description. He appears in an entirely new feature in the Egyptian dance, and completely deceives. He not only is a perfect female impersonator, but a wonderfully graceful dancer.

Emil Hoch and company appear in a tabloid comedy entitled "Love's Young Dream," which is a decided success. Browning and Lewis, in "The New Recruit," offer a clever skit, and McPhee and Hill present an aerial act of more than usual difficulty. Kitty Kline, the "Australian Nightingale," sings. Excellent motion pictures round out the bill, these showing Barney Oldfield, the famed auto driver, racing against a train in order to assist the "movie" play. Several selections from "Coppelia" are rendered by the orchestra under the direction of S. W. Rosebrook.

COLUMBIA

"The Wrong Mr. Wright," farce comedy with appended music, is this week's offering at the Columbia, when Mike and Ike, in the role of henpecked husbands, emerge from a score of uncomfortable but highly entertaining circumstances arising through mistaken identity. The piece is replete with clever situations and some catchy music aids in making it attractive. Will King is the "Wrong Mr. Wright," and Al West the right one. Ben T. Dillon is Mike, friend of the wrong one. Charlie Reilly, Ernest Van Pelt, Maude Beatty, Eva Heazlitt, Mattie Townsend and all the rest of the Columbia favorites are cast in appropriate parts.

Chorus Directress Teddy La Due and Musical Director Jack Haywood, offer a number of catchy musical selections in which the Ginger Girls and the different soloists appear. Among these are "I've Been Through the Mill," "Gliding in a Little Canoe" and "Mammy Jinny's Jubilee."

"TO BE HONEST" MOTTO NOT SEEN ON MONUMENT

SAN FRANCISCO, June 16. — Portsmouth square, overshadowed by the Hall of Justice, where a score of officers are continually on duty, and where police headquarters is located, is the scene of the operations of pickpockets almost every night. And apparently even less attention is paid to the motto on the Robert Louis Stevenson monument in the center of the square, which begins: "To be honest, to be kind, to earn a little, to spend a little less," and so on down the list of allied virtues of honest folk. On Saturday, a hold-up man was caught immediately after robbing his victim, and this morning Umberto Mittempergher of 1190 Nineteenth avenue, South San Fran[illegible] thief stole his gold watch. He awakened to see the man escaping, but could not catch him.

MYSTERY OF EEL

One of the greatest mysteries of natural history has been the reproduction of the eel. No fish is more common in the rivers of both continents, yet of the millions of eels examined in Europe and America not one was ever found containing spawn or giving evidence of its place or method of propagation. It was shown that each autumn all the eels that could get away migrated down and out of the rivers and bays and made for the open sea. Every spring hosts of small eels, or "eivers," so delicate and translucent that they were known in England as "glass eels," invade the estuaries and wriggle up the rivers by night, growing in size and color as they penetrate inland. Many years ago naturalists discovered in the sea small transparent swimming creatures of unknown affinity which they called leptocephali. Years later it was disclosed that these increased in size and turned into eels—that is, they were a younger stage of "elvers." Subsequent observers obtained these still younger, capturing them far out in the ocean, sometimes close to the surface, sometimes below it down to a depth of 150 fathoms or so. Like most all other small organisms in the surface layers of the sea they were [illegible] so perfectly so that it was hard to find them when brought up in the nets. Professor Gran, who completed the solving of the mystery during the oceanic survey work of the Michael Sars expedition, says that eel larvae are "so transparent that when sorting them out of the living material captured one can only see their small black eyes; even their blood is transparent and perfectly devoid of haemaglobin."

Thus it becomes established that these leptocephali, shaped like willow leaves, were eel larvae born in the spring in the open ocean. But where? The Michael Sars men discovered that when the eel goes down to the sea in the fall they swim away to the warm south, and there in the northern edge of the tropic zone they develop and emit clouds of spawn which floats up and hatches at the surface. The larvae drift north with the gulf stream, growing and changing as they grow. How long it takes for any one individual to reach the latitude of Europe is unknown, and perhaps varies much. Doubtless the vast majority are eaten on the way; but, at any rate, each spring enough have arrived in northern waters and are sufficiently mature to repopulate the rivers. Where the American eels spawn is not yet known; [illegible] the ocean off the Bahamas and southward.—Harper's Weekly.

KIPLING AS PLAYWRIGHT

The news that Rudyard Kipling has made his debut as a playwright—as a writer of acting plays—is not so surprising as that he should have chosen "The Bonds of Discipline," dramatized as "The Harbour Watch," for his opening work in a new field. The story is patriotic farce. The antecedent facts of a bit of fictional analysis of utter lack of discipline on a British cruiser, written by a Frenchman, as gradually secured through the slow process of alcoholizing some of the tars who helped to guy the unwelcome stowaway visitor. The bloody execution of Marine Glass, accomplished with a blank cartridge firing party and the auxiliary blood of a chicken, is the climax of the practical joking. The foreword, in verse, has this injunction from Posiedon to the sailor man:

> "Now and henceforward, serve, unshod, through wet and wakeful shifts,
> A present and progressive God; but take, to aid my gifts.
> The wide and windward-opened eye, the large and lavish hand,
> The soul that cannot tell a lie—except upon the land * * *
> From Punt returned, from Phoenicia's fleet, from Java and Gadire,
> He strongly occupies the seat about the tavern fire;
> And, moist with much Falernian, or smoked Massilian juice,
> Revenges there the brass-bound man, his long enforced truce."

It is easy to see how the spirit of defiant hearts-of-oak Britons may be voiced in such comedy. It is easy to understand how, when war clouds lower and landsmen are doubting the preparedness of England, the satire on the foreign notion that England is unprepared should delight fighting Englishmen. Kipling is never a trifler, never a weak-kneed patriot. It will not be at all wonderful if a play that is hardly a play, backed by his name and fitted to the times, scores a real success.—Brooklyn Eagle.

W. VA. CELEBRATES GOLDEN JUBILEE

President Presses Button That Releases Doves and Festivities.

WHEELING, W. Va., June 16. — The jubilee celebration of West Virginia's fiftieth birthday was ushered in today when President Wilson at the White House in Washington pressed a button which in this city released 1000 carrier pigeons, 1000 toy balloons bearing passes of admission to all amusements. Also, as the President disengaged himself for a moment from affairs of state and pressed the tiny electric button, a bell rang before the speaker's stand, there was a flash of light and the signal was simultaneously flashed by the pressure of the President's fingers to the [illegible]

There had been a dead hush in the throng that assembled before the speaker's stand, where sat Governor H. D. Hatfield and many prominent West Virginians who are to take part in the ceremonies. Many men held watches in their hands. Suddenly came the ring of the bell, the flare of the light and the release of the pigeons and the balloons. Governor Hatfield's daughter, seated in the stand, leaned forward and plucked a flower from a huge bouquet in the midst of which had appeared the light flashed by the President from Washington.

Preceeding the official opening of the celebration by the President there were speeches of welcome to the visitors by Governor Hatfield and others.

Tomorrow there are to be floral parades and baby pageants, followed in the evening by spectacles of various sorts among which is the firing of a building filled with fireworks, the flames to be extinguished by the Wheeling Fire Department while thrilling "rescues" are performed.

The celebration is to last for several days. On Thursday there are to be industrial, military and G. A. R. parades. Friday is West Virginia's grand jubilee day, when the actual "birthday" will be celebrated. There is to be a children's parade, an educational exhibit, speeches by Governor Hatfield, the Mayor of Wheeling and others and the reading of the prize poem, dedicated to West Virginia. Saturday is Mardi Gras day, with fantastic parades at night by clubs and orders of the city.

LOUD PRAISE FOR OAKLAND SCHOOLS

Sacramento Directors Spend Day Inspecting New Building for Pointers.

Members of the Board of Education of Sacramento were taken on a tour of inspection over the Oakland schools now under construction by City Supervisor J. J. Donovan yesterday afternoon. All the new schools were visited and the Sacramento directors declared that they had enjoyed an instructive visit and that they had never seen such excellent school architecture before.

J. A. Filcher and C. A. Bliss were the two members of the board who visited [illegible] Board had already, during the past three weeks, inspected the Oakland schools and their report of conditions here were so enthusiastic that Filcher and Bliss decided to come in person. They expressed themselves as thoroughly satisfied with what they had seen and with the pointers they had gained.

"If you want to know about school houses," said Commissioner Filcher, who has seen 25 years of public service, "go [illegible] that will make history in school architecture. I had no idea of the possibilities of making artistic school houses that would provide so adequately for the needs of the children and teachers as are to be seen in Oakland."

Supervising Architect Donovan recently won second prize in a school architectural contest for plans for a Sacramento grammar school and is now engaged in designing plans for a $200,000 school house in that city.

WILSON DROPPED; WHEELER TO RUN

LOS ANGELES, June 16.—The executive committee of Socialists, meeting here yesterday afternoon behind closed doors after a lively fracas, sidetracked J. Stitt Wilson as gubernatorial timber and substituted Fred C. Wheeler as more likely to make a showing in the next campaign.

Wheeler's remarkable race for City Councilman in the recent municipal election in which he was elected over such strong candidates as Captain H. Z. Osborne, formerly president of the Chamber of Commerce and a high-up official of the G. A. R., opened the eyes of the campaign managers of the Socialists to his popularity.

They also expect him to make a record in the Council and to have especial political influence for pulling votes to his party. Wilson has been a frequent candidate but never succeeded in accomplishing much.

Statute Fixing Rate In Kansas Annulled

WASHINGTON, June 16.—Because of a provision in the law arbitrarily fixing $500 damages for each violation, the Supreme court today annuelled an unconstitutional the Kansas statute of 1905, which fixed the maximum rates for transportation of oil by rail.

The objectionable clause was held to prevent railroads from testing whether the rates were confiscatory.

W. Va. Coal Miners Threaten to Strike

CHARLESTON, W. Va., June 16.—Rumors of war from mining camps in the Paint Creek and Cabin Creek district came today to Charleston, where the Senate mine investigating committee was in session. Only the most meager information was obtainable here, but reports from the hill were that the Cabin Creek miners, in part, at least, had renewed the strike, and that the Paint Creek workers were considering quitting work again.

Government Not Liable For Flooded Farms

WASHINGTON, June 16.—The Supreme Court decided today that the Federal government was not financially responsible for the flooding of more than 100 plantations on the Mississippi as the result of levee construction. SUMMER FACULTY IS LARGE

Music and Art Will Receive Special Attention by Noted Instructors.

UNIVERSITY OF CALIFORNIA, June 16.—Dean C. H. Rieber has collected for the summer session of the university, opening June 23, an unusually interesting array of professors and instructors from eastern and middle western universities. Last year's record attendance of 2275, surpassed by only one other university in the country, is expected to be outdone by several hundred this year.

Art and music are to have special attention this year, and a number of men of renown from coast and east[illegible] D. Stoughton Holborn, member of the Oxford-Cambridge staff, will head the department of music, giving two courses. One will be on "Art in Daily Life" and the other on "The Philosophy of the Beautiful." The latter course will be given evenings from July 14 to August 2.

Perham W. Nahl will teach figure drawing, freehand drawing and perspective. Many of the drawing courses will be particularly planned to help the teachers of drawing.

A large chorus will be formed and will present a cantata to which all the students in music will be welcomed. There will be a half hour of music in the Hearst Greek Theater every Sunday afternoon, organ recitals and other concerts.

SAYS FREE SUGAR WILL MAKE TRUST

Henry Oxnard Declares Only Big Corporations Will Survive Bill.

WASHINGTON, June 16.—Henry T. Oxnard, vice-president of the American Beet Sugar Company, told the Senate lobby committee today that free sugar would result in the formation of a new "sugar trust." Only the best managed sugar factories would be able to survive free sugar, he said, and a combination would result.

"Then you are going to form a new 'trust'?" asked Senator Reed.

"I have that in mind," said the witness.

"In violation of the anti-trust law?"

"No, sir; there is no law to prevent it. I have been advised by counsel."

Oxnard told how he assisted in organizing the old "sugar trust" in 1888, exchanging his company, with a capital stock of $100,000, for $750,000 new stock.

Oxnard said he received $10,000 a year as vice-president of the American Beet Sugar Company, but denied that he was paid that salary for "legislative work."

ENCINAL YACHTSMEN HOLD CANOE RACES

ALAMEDA, June 16. — Jules Landsberger was twice declared winner and captured both cup and pennant in the canoe regattas that marked the opening of the Encinal Yacht club yesterday. The splendid seamanship of the owners of the tiny craft was put to a severe test by the brisk wind that fanned the canoes over the long triangular course, and before the day ended there were three capsized boats and a fourth so damaged as to compel its retirement from the regatta.

In the handicap race, although outsailed by Kenna, Landsberger was awarded the trophy, a silver loving cup, being allowed a handicap of 1 minute and 45 seconds over Kenna. Weyman and Paul also entered in the handicap came to grief, their canoes being capsized and the sailors being spilled into the water. Assistance was at hand in both instances and no particular damage was done.

In the free for all race, Landsberger was again victorious. Landsberger had the lead on Kenna on the second lap of a three lap race with Kenna only a few feet behind when one of the stays of the Kenna canoe snapped under the strain of the fresh wind, retiring the boat. Landsberger finished, as did also several others of the boats, Muller capsizing at the very end of the race.

In the paddle races Bates and Moebus defeated Crandall and Bishop.

A. G. Helgen, of Belvedere, despite the wind, successfully navigated the bay from the headquarters of the Pacific Motor boat club in a 16 foot Old Town canoe, equipped with a portable gasoline motor. This is the first time, so far as known, that a boat of the size has attempted such a trip.

ALAMEDA SCHOOLS CLOSE THIS WEEK

ALAMEDA, June 16. — The graduating exercises of the Alameda high school will be held Thursday evening of this week. The exercises will be held in the auditorium of the First Methodist church. The graduating class will consist of 39 members. The final examinations are being held this week.

The graduating exercises of the Alameda grammar schools will be held Friday morning in the assembly halls in the various schools. There will be 125 graduates from the grammar schools, all of whom will probably enter the high school term. This number of graduates is about the average number to the graduates in former years.

The school vacation will cover the balance of June, all of July and a major portion of August.

Dreams About Fire, 3 Days Later Fire Burns Down House

ALBANY, June 16.—In an address before the Sunday school, W. E. Coffman, the pastor and superintendent, called attention to a dream of which he had told the school two weeks ago, that the house in which he was staying the night before was on fire. Yesterday the Albany pastor told the children that this was the Cutchin house, which burned almost to the ground three days later. The incident of the dream had been used in connection with the story of Joseph and his interpretation of dreams in Egypt.

PRIZES AWARDED IN ST. JOSEPH'S CONTESTS

BERKELEY, June 16. — Oratorical and penmanship contests were held yesterday afternoon by the pupils of St. Joseph's academy, Peralta park, and attended by many visitors from both sides of the bay. Much talent in public speaking was displayed by the several participants in the oratorical contests.

SAYS GOD GIVES EVERY MAN A SQUARE DEAL

ALBANY, June 16. — That the preaching of the gospel and the work of Christian missionaries and ministers do not get into heaven any people who would otherwise fail to get there was the position taken in the morning's sermon at the Marin Avenue church, yesterday.

"The number of those who reach heaven is not increased by sending missionaries to the heathen or by the preaching of the gospel," said Rev. Coffman. "The end of Christian work is the training or [illegible] life, but the question whether they ever reach heaven is determined entirely by their own fundamental attitude toward righteousness and God, and not by anything done for them by other men.

"God gives every man a square deal and an equal chance to win heaven. Christian education enriches life here and hereafter but does not determine its character. That each one determines for himself."

FIND TYPES OF RARE ANIMALS

Party of Scientists Makes Valuable Discoveries Near Point Reyes.

UNIVERSITY OF CALIFORNIA, June 16. — A party of university scientists, at work about Point Reyes in Marin county, has secured a number of valuable specimens for addition to museum of vertebrate zoology. Typical mammals [illegible] secured and will be brought here soon for installation. Included in the party are Walter P. Taylor, curator of mammals; Charles L. Camp and Alfred C. Shelton of this university and G. F. Ferris of Stanford.

One of the mammals is known as the Point Reyes mountain beaver (Aplodontia [illegible] in wet ferngrown hillsides. It is called a beaver because of its habit of cutting brush and small trees. But it belongs to an entirely distinct family of rodents.

JUMPING MOUSE.

Another interesting mammal known in the vicinity of Point Reyes, and specimens of which have been secured, is the coast jumping mouse (Zapus orarius). Similar long tailed mice are inhabitants of mountain meadows and grassy banks along streams in the alpine districts of California, but nowhere else are they [illegible]

After exploring the coast region as far north as northern Mendocino county the party will transfer operations to the vicinity of Yollo Bolly mountain, Trinity county, where similar explorations will be made. Each summer the University of California museum of vertebrate zoology maintains a collecting party in some part of the State, the object being to make a thorough survey of the vertebrate life of the territory visited and to obtain specimens.

TO LET CONTRACT ON CITY GARBAGE

Vexing Question of Refuse Removal to Be Considered Tomorrow.

The garbage question, which has been puzzling those in charge of the city's administration for so long will come before the public eye again tomorrow, when the contract is let for the gathering and disposal of the refuse material.

A recent proposition received by the Department of Streets from R. Schmidt, a contractor in San Francisco, has not as yet been acted upon. Schmidt's proposal is to remove the refuse from the city limits, and without any stench, to bury it under the harbor bed.

"I offer to do this absolutely without charge," said Mr. Schmidt. "My profit will come out of the material that can be saved—[illegible] that. Now, if the city can get rid of this stuff without charge, why shouldn't it? The incinerators that are being contemplated will easily cost over a million dollars, and, besides, the old trouble of stench will not be erased. Wherever garbage stands for any length of time no matter how short, ten minutes, in fact—there will be an odor, and a very unpleasant one, too. With my system there is no odor. The garbage will be taken out in the harbor on a barge; it will not be dumped on the wharf to await disposal as is the custom now. It will be dumped into the water in small quantities, and then my large clam shell scoop will bury the maerial under many feet of sea floor sand. The work will be carried on with all the dispatch that capable and experienced men can give and there will be no unhealthy foodstuffs floating on the surface of the water, as there is at present.

THIRTY-YEAR CONTRACT.

"I gladly accede to a supervising and inspecting board made up of the mayor, two physicians and one inspector, and will go so far as to pay for the services of the last three members named. The thing that seems to worry the board in charge, however, is the fact that I ask a 30-year contract. The reason for this is that a shorter term would be insufficient to justify the equipment necessary for an economical disposition and reduction of the material. My profits will be small and the cost of the equipment large, so that to obtain the best possible results from the standpoint of equipment and well accomplished work would be a large contract. Nevertheless, I would make a bid for a shorter length of time, but, of course, the results would not be so good.

"I would like to be considered in this matter. I am a responsible man of business, and would like to find out why those in authority refuse to act on my proposal. City Engineer Brown says that a special election would have to be called if my proposal was to be considered, but a similar election would have to be called for the erection of incinerators—and the incinerators cost money, while my way will not cost a cent. I would like to be considered tomorrow, when the contract is let, and I think that if I am given a chance there will be no more odor on the main streets of Oakland."

Following is a copy of the letter which R. Schmidt, the contractor, sent to Street Commissioner Baccus.

"William J. Baccus, Esq., Commissioner of Streets, Oakland, Cal.—Dear Sir: Pursuant to my former communication, addressed to you under date of May 13, I beg to submit to the commissioners, through you, the following proposition:

I propose to receive and dispose of all the city waste of the City of Oakland without expense to it, upon the following conditions:

"First—That I am granted a thirty-year exclusive franchise or permit to remove the same, for the reason that a shorter term would be insufficient to justify the equipment necessary for an economical disposition and reduction of the material.

"Second—That the disposition and process of reduction shall proceed under the supervision and inspection of a board whose members shall consist of the mayor, two physicians and one inspector. Yours truly.

"R. SCHMIDT,
"611 Mills Building, San Francisco."

AUTO ENGINE REPAIRS WILL TOTAL $2000

ALAMEDA, June 16. — The wreck of the city's [illegible] auto fire engine, which was in collision with a north side electric train Saturday afternoon, has been hauled to the repair shop and construction engineers are now figuring on the possibility of repairing the practically demolished engine. The preliminary survey figures the repair bill at $2000.

The engine was not insured. The proposition was before the city council on one or two occasions, but it was held that the auto engine would hardly be stolen or burned, while in the custody of the fire department. The possibility of loss through collision with a train was probably overlooked.

Engineer Fred Wagner, who was thrown 50 feet, is able to be up and around but is bruised and sore about the body and it will be a week, perhaps two weeks, before strained chords and muscles are in normal condition.

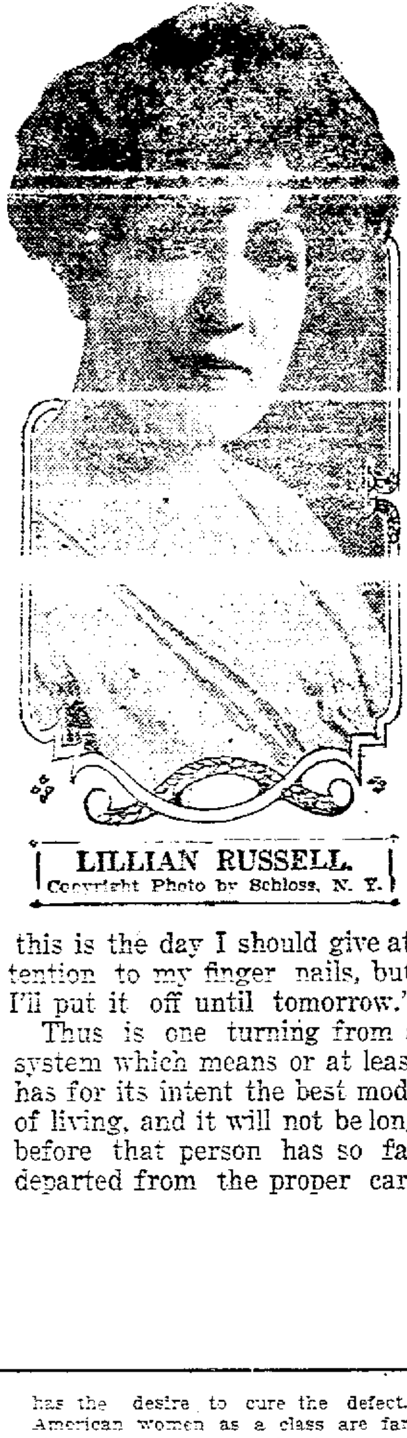
System in Your Daily Living

By LILLIAN RUSSELL

(Copyrighted, 1913, by Lillian Russell.)



LILLIAN RUSSELL.
Copyright Photo by Schloss, N. Y.

ALMOST every business in the world today recognizes the economic value of system, and experts have sprung up in every industry who give their time and attention to nothing but the rudiments of system. It is a logical thought that if system is so necessary in the affairs of business, how much more important it is that system should be employed in the every-day habits of life.

In the little talks that have been appearing in this column the hope that good has been accomplished depends greatly upon the extent to which the various helpful hints have been systematized.

To take up a form of exercise for a day or two, to remedy a defect in dress for a short time only, or to practice any of the advice that has been proffered is but a waste of time and energy unless a proper system is developed.

A breathing exercise, for instance, must be the very beginning of the day's system. The morning toilet should be according to system. One little departure from a daily system is the forerunner of greater neglect which will eventually undo the person who becomes careless. One will say: "I know this is the day I should give attention to my finger nails, but I'll put it off until tomorrow."

Thus is one turning from a system which means or at least has for its intent the best mode of living, and it will not be long before that person has so far departed from the proper care of the person that it will require great effort to again take up beneficial habits.

System is nothing but habit formed by intelligence. This does not mean that bad habits become part of a system, for there is no intelligence in bad habits. It is not such a difficult matter to apportion the day to certain duties, and by adhering to this apportionment for a week or two what seemed a martyrdom in the cause of refinement becomes actually an economy in effort and a pleasure as well.

To rise at a certain hour; to give unfaltering attention to the toilet; to take plenty of time to eat the morning meal; to take up the day's work at a given time; to bring the day to a close with the same regularity—that is system, and it brings recompense for the patience and fortitude of maintaining it by the satisfaction one has in life.

Systematic, clean living gives to a human being a power, a confidence, a bearing that is distinguishing in its influence. Remember, if system is an accepted good thing for a machine, a factory or a business, how much more important it must be to that most wonderful of all machines, the human body.

Answers to Queries

F. B.—The constant use of ammonia is probably the cause of your hair turning gray and your excessive oily scalp. You could not have chosen a better thing to produce this condition than ammonia. All of the so-called driers are injurious to the hair if used regularly. The hair becomes brittle and dry, while the scalp contracts and tightens and the oiliness increases. If you will send me a stamped addressed envelope I shall be glad to send you a tonic and shampoo for oily hair.

MRS. T. E.—Sallow skins may be made pink and white by perfect exercise and diet. There is seldom a real excuse for a sallow complexion if one has the desire to cure the defect. American women as a class are far ahead of any country for beauty of face and form. The speed we cultivate has its advantages and it does not allow stagnation or disintegration. My five rules for health and beauty are: Eat plenty enough, drink only water, walk two or three miles a day, sleep eight hours, and slander never.

ANNA—Seven persons out of ten suffer excruciating pain at one time or another with their feet. A single corn, no larger than a grain of sand, can take all the snap and vitality out of you. Two-thirds of modern foot troubles are due to the fact that almost every one—men, women and children—wear too tight shoes.

RUTH: I am sorry, but I cannot give you any information of the article you mention. I do not believe in internal remedies for reducing flesh. I would not advise you to use anything unless you know all about it, for one is liable to ruin their health. Diet and exercise are the safest and most effective remedies for reducing flesh. I am afraid there is nothing that will make you grow taller. You are still very young and I think perhaps you will grow. If you will send me a stamped, addressed envelope I shall be glad to send you a dietary for reducing flesh and a set of exercises for reducing the hips, also a remedy for superfluous hair. I would advise you to wear a corset.

STANFORD CHAPEL NEARLY COMPLETE

Famous Mosaics Will Be Replaced in Original Form and Beauty.

STANFORD UNIVERSITY, June 16.—With the red tiled roofing finished and the interior work being rapidly completed, the rebuilding at a cost of over $500,000 of the Memorial Church at Stanford is soon to have reached a point when the replacing of the world-famous mosaics will be begun. The edifice, which was destroyed in 1906, is being reconstructed on the same elaborate scale as the original building, which was one of the most beautiful chapels in the country. The mosaic work alone is to cost $80,000. When completed the church will have a seating capacity of about 1700. Already the galleries have been finished and the main flooring is being put down. Exquisite lighting features are to be supplied. These are to harmonize with the general color scheme of the interior decorations. The art glass window effects have been made by a New York firm. The firm which did the original work has the contract for the replacement of the mosaics. The plans are to be duplicated. M. Camerino, a representative of the firm, is now in Italy superintending the delicate task of replacing the damaged art work.

DOMESTIC SCIENCE STUDENTS SHOW HANDIWORK

Compliments have been showered upon the artistic students of the domestic science department of the Manual Training and Commercial high school, who displayed their work at the recent exhibition held in the domestic science rooms. BOY'S GROWTH MAY BE STOPPED BY OPERATION

PHILADELPHIA, June 16.—Surgeons at the Medico-Chirurgical Hospital are anticipating the successful outcome of an operation on a 15-year-old boy for giganticism. The youth, John Michael, is now 6 feet 7 inches tall, and the doctors have decided to remove a portion of the pituitary gland from the base of the boy's brain.

This operation has never been performed before for such a reason. The pituitary gland is believed to control the mechanism of life that has to do with the growth of the individual, and to stop the boy from outgrowing everybody and everything they have decided to do what animal experiments have shown are successful on a dog.

Mentally the boy is normal thus far. The surgeons say that if the operation is not performed he will become afflicted with mental disease, for the overgrowth of the rest of the body will affect his mind.

MOTORCYCLE SPEEDING CLAIMS 3 MORE VICTIMS ON FOOTHILL BOULEVARD

YOUNG RIDERS MEET DEATH IN CRASH

[illegible] dem Death-Ride; One Girl Survives.

"Death Curve," on the Foothill Boulevard, just east of San Leandro, claimed three more victims yesterday shortly after noon, when a high-powered motorcycle driven by Pacheco De Souza, who was riding tandem with Miss Natalie Sutliff, a 19-year-old telephone operator residing at 532 Oak street, crashed head-on with a similar machine operated by John Wesley Hoffelt. Pacheco's machine was traveling at a speed estimated between 65 and 70 miles an hour, while Hoffelt was going at a speed of over 60 miles an hour. Miss Sutliff was thrown ten feet in the air, landing on the ground with such force as to break both legs and cause a basal fracture of the skull. Hoffelt was thrown with considerable force against a fence fifteen feet from the roadway, sustaining a fractured skull, broken right leg and internal injuries.

The force of the collision threw Souza under his machine, mutilating his face almost beyond recognition, breaking both legs, fracturing his skull and making numerous abrasions about the body as well as internal injuries. He died almost instantly.

Both Miss Sutliff and Hoffelt were still alive when picked up by passing machine, but Hoffelt expired while on the way to the hospital and Miss Sutliff died after being rushed to the County Hospital. She breathed her last as she rested in her sister's arms.

UNEXPECTED COLLISION.

So unexpectedly did the machines crash together that neither operator had opportunity to shut off the engine and both throttles were wide open when the machines were picked up after the crash.

Miss Sutliff and Souza were members of a party of four who were returning from Hayward, the other two members of the party being Miss May Anderson, also a telephone operator, who resides at 132 Tenth street, who was riding tandem with A. Garibaldi.

Miss Sutliff was very popular among her girl companions and her sudden demise is mourned by the entire force.

Hoffelt was 19 years of age. He was employed in a local furniture company for the past four years and was the sole support of his widowed mother.

Miss Sutliff was the daughter of a local tobacconist. She was but 19 years of age and lived with her parents at 532 Oak street.

Souza was 21 years of age. He lived with his parents at 1314 East Fifteenth street. For the past few months he has been employed by the Sunset Lumber Company as a driver and has figured quite prominently in the strike difficulties of that firm.

MOTHER SUPERIOR KILLED.

FRESNO, June 16.—Sister Alacoque, Mother Superior of St. Augustine Academy for Girls, run in connection with the Catholic Church of St. John the Evangelist, was killed in an automobile accident on the new State highway at 4 o'clock yesterday, and three other sisters were injured. The Japanese chauffeur, known as George, will die.

Charges have been made that the accident was caused by a "joy party" forcing the Japanese to one side of the road, and an investigation will be made.

The four women had been taken out for a drive in the automobile of Father J. M. McCarthy, rector of St. John's, and were traveling near the Roeding station, north of Fresno, when a tire blew out. The machine spun about and overturned, crushing Sister Alacoque and the chauffeur beneath and throwing out the other occupants. Several other automobiles and motorcyclists nearby rushed to the rescue, though indignant at the Japanese, who was at first blamed for the accident.

The injured were removed to this city, where Sister Alacoque died just after reaching a sanitarium.

It was found necessary to amputate the arm of Sister Agnolia, and it is thought that she did not suffer any internal injuries.

Sisters Margaret and Columba suffered only superficial injuries and returned to the academy.

The Japanese is supposed to be dying from a concussion of the brain and possible internal injuries.

GRANTS IN ACCIDENT.

SAN JOSE, June 16.—The Misses Jose- [illegible] J. D. Grant, a San Francisco millionaire and owner of thousands of acres of land near Mount Hamilton, narrowly escaped serious injury and possibly death when the automobile in which they were riding plunged over the Mount Hamilton grade about 12 miles from this city, and after turning turtle several times landed in a clump of trees.

Adolph Marcetti, the chauffeur, was seriously injured. The Misses Grant were only slightly bruised, while their father was uninjured.

YOUTH IS KILLED.

SAN FRANCISCO, June 16.—Harold H. Worth, 22 years old, son of Mr. and Mrs. H. C. Worth of 1312 Golden Gate avenue, was fatally injured in an automobile accident Saturday night near Tom's Cabin on the new boulevard in San Mateo county, and died at the Red Cross Hospital, San Mateo, shortly after the machine he was driving was struck by an automobile driven by S. H. Rosenthal of Tulare.

It is considered remarkable that two more serious injuries were not recorded as a result of the accident, for in the Rosenthal machine, in addition to the driver, was Miss Jessie Childs of Fresno and she and Rosenthal went over a high embankment with the auto that collided with Worth's machine.

Miss Childs yesterday was in a terribly nervous state because of the experience, but will be able to appear as a witness tonight at the inquest to be held in San Mateo, which will, it is believed, exonerate Rosenthal from blame in connection with the accident, because of the admission of Worth to the Coroner, shortly before his death, that his lights were not burning.

YEGGS BLOW SAFE AND WRECK OFFICE

Secure $35 for Their Trouble and Leave Tools Behind.

RICHMOND, June 16.—Blowing open the door of the safe of the Union Meat Market owned by Councilman O. R. Ludewig, and located at Twenty-second street and Macdonald avenue, yeggs some time last night wrecked the office of the establishment and secured $35 from the strong box for their trouble. While residents in the neighborhood heard the noise of the explosion when the safe door was forced, no one investigated and it was not until this morning when E. Forwick, superintendent of the market arrived that the safe-cracking was discovered.

After forcing entrance by means of a jimmy nitro-glycerine was poured in the front of the safe door and the charge set off. The force of the explosion sent the heavy door of the strong box across the room demolishing a roll-top desk sitting directing opposite the safe.

The cash drawer of the safe was then forced where the burglars found $35. No other valuables were in the safe.

Leaving behind them two candles, a brace and bit and other burglar tools the men evidently made a hasty get-away.

According to the police, the job was evidently done by experienced crooks, and was carefully planned before being executed. Finger prints have been secured from the tools left behind by the burglars and an attempt to learn the identity of the crooks will be made.

Capture Pirate of Santa Cruz Island

LOS ANGELES, June 16.—Williams, one of the sea rovers who raised the "jolly roger" over Santa Cruz island last week and dared Sheriff Stewart of Santa Barbara county to come and get him, was captured today at San Pedro with the launch Antioch, which was stolen some time ago at Benicia in San Fracisco bay. The launch's name had been changed to Stella, and Williams said he had been in the harbor here since Saturday, while Sheriff Stewart was pirate hunting on the island off Santa Barbara.

KAISER THANKED FOR HIS EFFORTS TO PREVENT WAR

SERVICES MARK GREAT JUBILEE

BERLIN, June 16.—The twenty-fifth anniversary of the accession of Emperor William to the imperial throne was celebrated today throughout the German empire as a general holiday.

The commemoration, which had been deferred from its actual date out of respect to the memory of the Emperor's father, Frederick, coincides with the forty-second anniversary of the triumphal return of his grandfather at the head of his victorious army after the Franco-Prussian war and was naturally marked by considerable military display.

Emphasis, however, was laid also on the peaceful aspects of the Emperor's quarter-century reign—industrial and civic developments and the material prosperity of the country.

The presentation of an address from the American Peace Society by Andrew Cernegie and J. G. Schmiddleapp of Cincinnati gave the Emperor an opportunity to bring out this aspect of the occasion. He responded to Andrew Carnegie's congratulations on the completion of his twenty-five years' peaceful reign with an emphatic "I hope we shall have twenty-five years more of peace."

BERLIN, June 16.—One of the first delegations received by Emperor William today to congratulate him on the attainment of the twenty-fifth anniversary of his reign was that headed by Andrew Carnegie.

The Americans presented to the Emperor an address signed by a large number of their countrymen. The address was in part as follows:

"Your Imperial Majesty, the German Emperor: On behalf of organizations and societies which represent the effort of American citizens of every section, creed and race to ad- [illegible] venture to express to your imperial majesty our congratulations on a reign notable in countless ways, in none more than in the maintenance of 25 years of unbroken peace between Germany and the other nations of the world.

PEACE SACRED TO RULER.

"The memorable words of your majesty shortly after ascending the throne, 'the peace of my country is sacred to me,' came both from the head and from the heart. Sacred, indeed, the peace, the order and the prosperity of the German people have been.

"More than once during the last 25 years it has been the high privilego of your majesty not only to exercise peaceful forbearance, but to inspire it in others.

"We beg to tender our thanks to your imperial majesty for what you have done to prevent war and to advance the coming of the day when there shall be peace on earth, to men good will.

ADVANCE IN MANY WAYS.

"We congratulate your majesty on the notable advance made by Germany in every field of human effort during your peaceful, prosperous and civilizing reign. Long may it continue unbroken."

Special services at the churches yesterday were the only official observances of the opening of the celebration of the Kaiser's silver jubilee. There was a big open air celebration at Tempelhoeferfeld in which thousands of army veterans participated. The bells of all churches in Berlin and Potsdam were rung at noon.

People were in very gay mood and spent the day in promenading the streets and gazing at the decorations along Unter Den Linden, the Brandenburg Gate and the Pariserplatz.

REVIEW REIGN.

All the newspapers printed huge supplements reviewing the twenty-five years' reign of the Emperor. The consensus of opinion was that the greatest achievement of the Kaiser was the creation of the fleet which had put Germany in the front rank of maritime powers.

while declaring that the "class-conscious" proletariat regards the Kaiser has the personal embodiment of the reactionary tendencies against which we are waging an embittered struggle," admits that "Emperor Wilhelm sincerely desires peace and thinks the turning of the armament's screw is necessary for the protection of national interests."

PROGRESSIVES SEEK PARTY CONVENTION

Will Oppose Action by National Committee to Effect Reforms.

Conciliation Committee May Issue Address Favoring National Convention.

WASHINGTON, June 16.—Memebers of the "conciliation committee" of Progressive Republicans who recently [illegible] the Republican national committee for a national convention this year, have decided as the result of meetings here Saturday and yesterday to oppose any action by the national committee to effect proposed reforms without a party convention.

Senator Cummins, former Governor Hadley of Missouri, Senators Jones and Crawford and Representatives Andersen of Minnesota, Cramton of Michigan and Rogers of Massachusetts participated in the conference which will be renewed later this week. Questions of reducing southern representation in national conventions recognizing delegates chose in primaries, the "unit rule" and several others are to be considered and the national committee is to determine as the final authority whether a national convention shall be called to effect those reforms.

"We have heard there is a growing belief that the national committee may try to settle these questions," said Senator Cummins today. "I think the committee might have the power but the holding of a national convention would have a more salutary effect on the country."

It is probable that an "address" in the nature of an argument favoring an early national convention will be issued by the cociliation committee after a meeting next Saturday.

MOUNT BAGSAG CAPTURED BY PERSHING

Attack Made at Night in Which 6 Are Killed and 7 Wounded.

Rebels Completely Routed Flee to Mountains and Are Followed.

MANILA, June 16.—Complete route of the rebel Moros on Mount Bagsag was accomplished by the American forces during the night with the loss of six men killed and seven wounded. Reports of the engagement reaching here by wireless from Jolo are meager.

All of the Americans killed were members of the several companies of scouts. The first advance was so determined that the Moros stole away and left the mountain clear. They are now at large and will be pursued ceaselessly.

Brigadier - General Pershing, commanding the Department of Mindanao, is leading the forces and is enthusiastic in his praise of the conduct of his men.

WASHINGTON, June 16.—The war department had no report today of latest fighting on the Island of Jolo. A belated report from Brigadier General Pershing received today gave further details of the fighting last week, as follows:

"Friday at noon Captain Patrick Moylan of the Philippine scouts, with the Thirty-first and Fourteenth companies, Philippine scouts, took Mount Buga Bunga after hand-to-hand fight. One scout of Thirty-first company killed. Mountain side very precipitous. Gun carried up by hand."

An alarm was turned in, and the fire extinguished without difficulty by the fire department. Damage is estimated at about $15.

HAYNES DECIDES TO VISIT COAST

Auto Races Thrill Good Size Crowd At Emeryville Speed Event.

(By EDMUND CRINNION.)

Elwood Haynes, father of the American-built automobile, president of the Haynes Automobile Company, Kokomo, Indiana, after deliberating for several weeks, has signified his intention of being a passenger in one of the two Haynes 1914 models which will play a prominent part in the big Indiana-to-Pacific pilgrimage of the Hoosier State motorists, which is scheduled to leave Indianapolis on July 1.

News to this effect was received here yesterday by W. B. Cochran, president and general manager of the Haynes Auto Sales Company, Western distributor of the Haynes automobiles. It was welcome news to the local Haynes organization, as Cochran and all his local lieutenants have been urging Haynes to come to the Coast on the occasion of the tour. The latter's [illegible] trans-continental journey, which is to be a path-finding trip for the proposed ocean-to-ocean rock highway, came only after weeks of thought upon the matter. Besides taking an active part in the management of the Haynes Automobile Company, Haynes is closely associated with several other large enterprises that [illegible] made his final decision was the rapid strides that Haynes cars have made in California for the past two years.

Several other distinguished persons will be traveling companions with the famous manufacturer. One will be a representative of the Royal Automobile Club of England, another a prominent member of the British Society of Automobile Engineers, still another will be a well-known New York newspaper man. Haynes and the two Britishers will tour in the Haynes 1914 "Six." Besides these [illegible] Hoosier tour will be made up of two factory field men, two drivers and the factory advertising manager.

Since it was first definitely decided to participate in the tour, the Haynes organization has aimed to make its presence a very representative one from many standpoints, and it is generally believed that this object will be accomplished.

AUTO RACES GOOD.

Yesterday's auto race meet at Emeryville proved a complete success from every angle. The events drew a substantial crowd, and the drivers put up a fairly interesting exhibition. The track had been liberally sprinkled before the meet, and consequently the spectators were not dusted quite as much as on Saturday.

The sprinkling of the track also made it much easier for the auto polo players to turn their cars over and thrill the crowds. Saturday there was so much dust that when the drivers attempted to capsize the little polo machines the best they could effect was to skid face about.

The auto races yesterday were practically the same. Burman took everything. The other racing cars in the Burman camp also came home according to schedule. The Stutz racer No. 20, piloted by Earl De Vore, made an excellent showing, and from the exhibition the blonde pilot gave yesterday, he should be a strong figure in the betting on the coming Los Angeles to San Francisco road race.

ALBANY, N. Y., June 16.—Convened in extraordinary session by Governor Sulzer, the legislature will meet tomorrow night to consider again the Governor's direct primary bill which was decisively defeated at the regular session. The final rally in the interest of the bill will be held here Tuesday night. The speakers, it is announced, will include Colonel Theodore Roosevelt, Governor Sulzer and William R. Hearst.

HYDRAULIC "MONITORS" SET FOR CULEBRA CUT

WASHINGTON, June 16.—Taking their cue from the great hydraulic mining plants on the Pacific coast, the army engineers in the canal zone have resolved to try to wash away the hills which tower above the Culebra cut. Already an elaborate plant of hydraulic "monitors" has been installed near Gold hill.

A large supply of water has been obtained by damming the Obispo river and the engineers will seek to sluice away the sides of the hill so that the water-borne earth will be carried to the valley in the rear.

FORESTERS NEED FAIR DIANA

MISS MARIE PACKARD, CANDIDATE FOR QUEEN OF THE CENTRAL OAKLAND CARNIVAL.

It is a question who will be selected as "Queen Diana," ruler of the street fair carnival to be held by Court Alden No. 247, Foresters of America, from July 1st to 5th inclusive.

The contest for queen started yesterday and several charming young women have started in the race for the throne. Miss Marie Packard is one among the many who have entered the contest, backed by her many friends, who will ably support her.

Court Alden has secured every concession known to amusement lovers for the grounds. "The Forest Lovers," a pageant play of forest life, will be [illegible] more than 300 children. The play can truly be called a musical comedy. The plot tells the mythical story of Leila, a mortal, who quarreled with her lover. She flies to the forest and is found by the nymphs of Pan, who take her before the forest god. Boreas, the north wind, and Notus, the south wind, become suitors for her hand.

The play is cleverly written and the music suitable to the occasion. Edward Gage, an Oakland composer, is musical director and is carefully training his chorus in classical dances.

Hobbles Blamed for Accidents

NEW YORK, June 16.—High heels and hobble skirts are responsible for a large proportion of the accidents to women getting on or off trains and going up or down stairs or inclines in stations. This conclusion has been reached by the Pennsylvania railroad officials after an investigation of the causes of the increased number of accidents the past three months.

The injuries ranged from slight contusions to painful sprains and cuts. Typical of the causes set forth in the report are:

"Heel caught on step of coach and torn off. High heel caught while descending stairs; wore hobble skirt."

Booth's Last Love Dies

BIRMINGHAM, Ala., June 16.—In a cemetery here, practically unescorted, was buried last week the body of Louise Wooster, whose name will be handed down in history as the last sweetheart of J. Wilkes Booth, slayer of Abraham Lincoln.

Known as the "Woman of Many Loves," the crowning affection of her life was for the soulful eyed, handsome, dashing, fiery tragedian, whose deed shocked the whole world.

One of her last acts was to publish an autobiography revealing the great love of her life and sought courageously to lift some of the stain which clings to Booth's name.

Suffrage in; Liquor Out?

CHICAGO, June 16.—"Woman suffrage in Illinois means that Chicago will go 'dry' within ten years."

This was the message flashed out to its co-workers by the Cook county central committee of the Prohibition party following its bi-monthly meeting. The committee, which is evenly divided between men and women, was elated over the women's victory in the legislature.

"Now that women will soon have the right to vote, we expect to remove the main obstacle in the path of the prohibition movement in Illinois, and that obstacle is Chicago," said Mary F. Goss, secretary of the committee. "We had always figured the territory outside of Chicago would slowly, but surely, come into the 'dry' column, regardless of women's votes."

All factions, including the liquor forces, admit that giving the vote to women will create havoc with the saloons in the small towns down the state. It is estimated that they will be wiped out at the rate of 3000 a year.

Rev. Anna Shaw Scorned

WASHINGTON, June 16.—Angered at the assertions of the Rev. Dr. Anna Shaw, leader of the American suffragists, that anti-suffragists were professional agitators who hid the exponents of social evils behind their skirts, the antis yesterday issued a statement in which they declined to enter in joint debate with the Rev. Dr. Shaw.

Dr. Shaw made the statement attributed to her before a hearing of the Senate committee of woman suffrage a few weeks ago.

"The anti-suffragists welcome all dignified debate or discussion," says the statement, "but they will not meet any person who descends to the level of vilification and malicious misstatements."

Taught to Cheat Garbage Can

TOPEKA, Kas., June 16.—Through teaching domestic science and economy in the home, Kansas gained $1,000,000 last year, and the amount will be increased at the rate of $500,000 a year until practically there will be no waste food in the entire Sunflower state. That is the aim of the Agricultural college, and the state is spending $40,000 a year to help in cheating the garbage can.

Seven hundred girls completed the domestic science course at the Agricultural college last week, and the college has just closed its movable cooking schools, which were attended by 11,000 women during the ten weeks which they operated.

Kansas decided two years ago that the way to cut the high cost of living was to stop much of the waste that goes out of the kitchen doors and into the garbage can. One of the plans was movable cooking schools, and the other was high school domestic science work.

Women Form Baseball Team

MAYFIELD, June 16.—Mayfield women under the captaincy of Mrs. Thos. A. Atkinson, wife of Rev. Mr. Atkinson of the Methodist church, have organized a baseball team, which is to challenge any nine composed of women in the state. Mrs. F. M. Siebert is to be the manager of the club. The organization is the result of a contest played at a picnic at Congress Springs recently.

The team will have the following personnel: Mrs. F. Orr, president of the Women's Improvement Club, center field; Mrs. D. C. Elliott, left field; Miss C. Parsons, right field; Mrs. Laura Fonberg, pitcher; Mrs. Hulda Mount, catcher; Mrs. T. A. Atkinson, first base; Mrs. Fletcher, second base; Mrs. Charles Myers, third base; Mrs. Louis Butterfield, shortstop.

POINDEXTER ACCUSES NATURALIZATION AGENT

SEATTLE, June 16.—Advices received from Washington, D. C., last night said that Senator Miles Poindexter had filed charges against John Speed Smith, naturalization examiner for this district, alleging that he had been unduly active against Socialists seeking citizenship. It was Examiner Smith who caused the complaint against Leonard Olsson, a Socialist, whose naturalization certificate was ordered canceled by former United States District Judge Cornelius H. Hanford. Judge Hanford's decision in the Olsson case brought about a Congressional investigation, during which he resigned from the bench, and Attorney-General Wickersham ordered the District Attorney to assist Olsson in obtaining a new hearing.

WHAT'S WRONG WITH THE OAKS? SHOULD MITZE BE BLAMED?

Careful Analysis of the Reasons Why Champions Are Not Living Up to the Role

By BILLY FITZ.

What's wrong with the Oaks? Whence came the sand in the gasoline, and whose fault is it that the delicate organism, which we call a pennant-winning club, is showing symptoms of disintegrating? What assurance have the fans that the Oaks are not going instead of coming? Have we started on the long climb or the long slide? Ask of the peanut vender, brother, for he knows as much of what the future holds as we. However, the peanut butcher is paid for peddling nuts, and we eat by virtue of the dope we grind out each morning. 'Each, therefore, to his own job, and here goes for ours.

Having kicked tradition in the teeth by losing five out of seven games to San Francisco, and being this afternoon [illegible] us to adjust our specs and conduct an ante-mortem investigation.

This is the first question before the house: Is the Oakland team, this year, as good as it was last; and, if not, why not?

Bisecting this question, we would reply first that on paper the Oaks figure every bit as good as last year, and on the field they are not. Replying to the why and wherefore will take some space and printers' ink.

WHAT WE LOST.

Three men were lost to the Oakland team last year: Manager Bud Sharpe, John Tiedemann and Claire Patterson. Ill health compelled the first to retire from the game; Cupid copped the second, and death claimed the third. It is obvious that in order to be as strong this year as last, the places of those who were lost to the club must be filled by men equally good. Ill health eliminated Bud Sharpe from being actively concerned in the winning of the 1912 pennant for Oakland. It is true that he got the team off to a great start and deserves all the praise that has been given him, but the fact remains that it was Honus Mitze who came to the fore when the leader was in bed; was the field general on whose shoulders fell the campaign that brought Oakland from third place to the top just in time to nab the pennant by the most gallant fight the Pacific coast baseball circuit ever saw. We, therefore, have practically the same manager who won the pennant last year, and can hardly figure ourselves weakened by the absence of a man who was practically out of the game for the greater part of last year.

In the place of John Tiedemann, a very ordinary first baseman, and a slugger who was just as likely to fan as to hit it over the fence, we have John Ness, acknowledged generally as one of the "finds" of the year. We have not been weakened by the loss of Tiedemann.

ONE WEAK SPOT.

In the place of Claire Patterson, we have George Schirm and Jess Becker, and here we must acknowledge that neither of the new comers has shown the same class as the late lamented and lovable humorist. Both men were rated higher in the baseball percentage books than Patterson and they each came highly recommended. Both were supposed to be over 300 hitters, and certainly the management can hardly be blamed for the fact that the men failed to live up to their ratings and reputations.

GARDNER BETTER THAN EITHER.

Schirm's value, so far, has been in his speed, and injuries have prevented him from even showing that. Becker, rated as a 315 hitter in the Virginia league, has shown nothing at the bat, save an ability to work the pitcher for a base on balls, the refuge of a weak hitter. "Rube" Gardner, secured as utility first baseman, has shown himself to be of more value to the Oakland club in the outfield than either Schirm or Becker and comes nearer the Patterson mark.

However, it must not be forgotten that the Oaks won the pennant without Patterson. Claire was taken with his fatal illness at the most critical stage of the fight, and his place was taken by Ody Abbott and Vinnie Ward, neither of whom showed enough in the spring training camp this year to warrant their retention. Abbott is not even making good with San Jose!

THE PITCHING STAFF.

We come now to the pitching staff in our search for the fly in the ointment. We started out this year with the same great staff which won us the coveted flag in 1912. It did not seem necessary for the management to make any improvement in that direction. There was not a man in the whole lot whom any manager in the league would not have snapped up instantly had waivers been asked on any.

Ables, Christian, Malarkey, Killilay, Pernoll, Gregory, Parkin, Olmsted and Pope were believed to be "coming" to such an extent they could replace any veterans who might show signs of weakening. With Mitze and Rohrer as receivers, the battery problem looked like mother's pie.

THE STAR BATTERY OUT.

Now then, see what happened to this happy crew! Ables, the popular idol, who was confidently counted on to win seven out of his 10 games, the pitcher who was most feared by opposing teams, broke a finger of his pitching hand in a practice game before the season and was nothing but a spectator for the first two months of the schedule. It will be three months of the season gone before Ables will have overcome the accident and the handicap it placed upon him.

Next, Manager Honus Mitze, the mainstay of the team, and without any question the best all around catcher in the league, broke a finger on his throwing hand, and has been out of the game ever since. As a bench tactician, Mitze never claimed to be a success, and it is doubtful if he would have accepted the position of manager had he not expected that he would be in the lineup as usual, holding up the pitchers, and dominating the field by his bulldog courage and stubbornness.

This handicap alone would have been sufficient to answer the complaints of the feeble-hearted, but the trouble lies still deeper.

GREGORY'S HEALTH BAD.

A certain tall, lanky, sallow complexioned and sad-looking young man did his share toward winning the pennant for Oakland last year, and was confidently expected to win more than 50 per cent of his games this year. This chap was Howard Gregory, who wound up last season in unbeatable form. Beyond two heart-breaking tie games, one that went 11 innings, and another that went 14, poor Gregory has been a hopeless failure this year.

He has more "stuff" than ever, but cannot control the ball at all. Physicians say he is full of malaria germs and his looks bear out the verdict. He will be retained in the hope that he will regain last season's form. Right here it might be well to propound the query: If the Oaks are in second place now, where would they be in the event that Ables and Mitze had been working steadily and Howard Gregory had been showing 1912 form?

Proceeding with the study of the flinging corps, we find Pope unable to control the ball, and released to San Jose as pitching disappointment No. 3. Hank Olmsted appears hardly to have been given a fair chance. He has kept so persistently warming up on the sidelines that it is a wonder he has any arm left at all. Naturally of a nervous disposition, Olmsted has been shoved into all sorts of embarassing situations without any mercy, the apparent policy being: "Don't waste anybody but Olmsted." Under the circumstances, Olmsted has done as well as could be expected of him, and to tell the truth, just a little bit better.

KILLILAY OUT OF LUCK.

With Gregory and Ables out of the running, the natural support for Oakland was anticipated in Killilay, the leading pitcher of the league last year. Killilay figured he was worth more money this year than last, and was a hold-out until a week after the training season started when he reached an agreement with the management. Killilay has failed to show winning form until the last month, when hard luck has cheated him of victories to which he was rightly entitled.

It seems that the ex-Bostonite will not be a disappointment very much longer, though it has been decidedly unfortunate that he could not have come to the rescue when a hero was so badly needed.

Cy Parkin, who won seven straight games for us in the first month of the 1912 season, and was generally hailed as the best spring pitcher in the business, might possibly have been used more frequently than Mitze saw fit. Cy had a bad hand in May and this kept him off the mound for two weeks. He has been pounded hard in his last games. July 1 is generally set as the limit of Parkin's usefulness, but he may surprise everyone this year.

TWO "OLD RELIABLES."

Tyler Christian and Bill Malarkey have been the only pitchers to do just what they figured to do; win a few more than they loose. They are entitled to a world of credit for winning without the batting support that might be expected from a team of champions.

To Hub Pernoll, belongs the lion's share of glory that goes to the twirling crew, for this stocky southpaw has toiled persistently to regain his 1911 form, and has jutified the policy of the management in retaining him against the ravings of most fans. Pernoll is the leading pitcher of the team right now and has done more than any of the others to keep our chins out of deep water.

BATTING SLUMP THE TROUBLE?

So much for the pitchers. Now about the batting, and here's where we find Joe Slump grinning at us in fiendish glee. Not for one week since the season started, has the Oakland team hit the stride at which they figure to move. We find the rather astonishing spectacle of a championship team, with not a single member batting in the charmed 300 circle known as the kingdom of swat! Coy has 10 home runs and a 287 percentage up to last week, while Zacher follows with 277. Jack Ness flashed one week above the 300 mark, but tumbled at once. Cook has fallen off.

Gus Hetling, the most reliable sticker of the 1912 camp, and the man on whom the offensive tactics usually pivoted, has been unable to hit with any consistency. Undoubtedly the slump will not last, and the probability is that once the team [illegible] make up for lost time. Slumps never last a whole season.

Recapitulating, we would therefore diagnose the trouble as due 40 per cent to accident, 40 per cent to a slump among the pitchers and 20 per cent to a slump among the batters.

NO FAULT OF MITZE.

We have no patience with the few fans who question the managerial ability of Honus Mitze, or with those who are inclined to think that discipline is not good in the team. President Leavitt and his associates hearkened to the express wishes of the team when they appointed Mitze as manager and certainly no one ever earned the job more fairly than this little Dutchman.

The fault is not his that he has been compelled to fill the role of bench tactician instead of playing manager. The team is for him to a man. Furthermore, the Oakland ball club is composed of gentlemen who do not need a disciplinarian. There is not a boozer or a roughneck in the lot. They are men of clean habits, most of them married, and all of them friends and earnest, conscientious chaps, who gather together every morning regularly, sit about a table, and talk over the game of the day before. This is done with no thought of blame, and with every idea for encouragement and helpful suggestion.

The club is in perfect harmony with the management and there is no dissension among the players, a situation which would not be possible except by virtue of a competent manager.

Mitze will inject himself into the game just as soon as he believes he can do so without danger of further injury, and when that time comes, we have a hunch the team will once more work with the characteristic energy and attack which was so successful last year.

President Leavitt is a good sportsman. He has no complaints to make and no one to blame. If need arises, there will be more players. One new pitcher has [illegible]

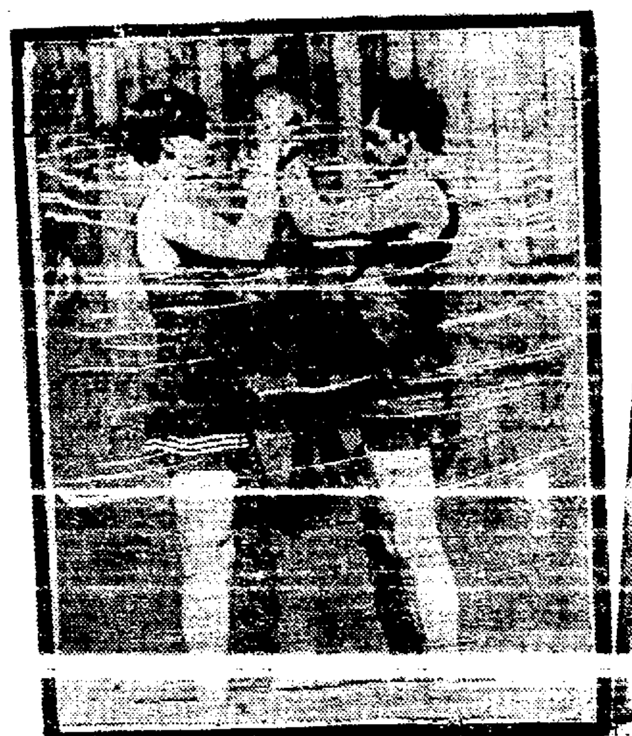
"Give the team a fair chance and they will fight themselves loose from the slump," says Leavitt. Thus endeth the gospel.

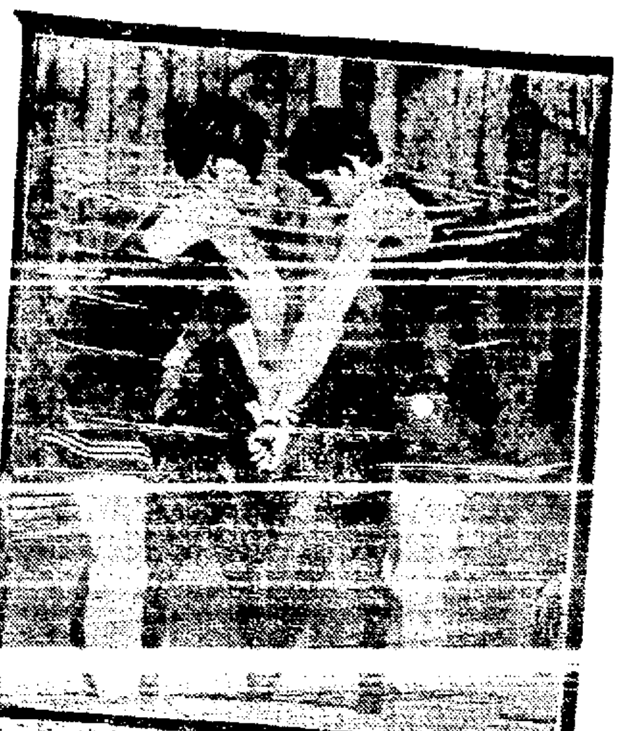
[illegible] is Coming

New England Player

Announcement was made last night of the purchase from the New England League of a new pitcher who is expected to greatly strengthen the twirling staff of the champions. President Leavitt has accepted the terms quoted by the club from whom the new man is purchased. As soon as word comes that the new man has started for the Pacific coast the name of the newcomer will be announced.

SEVENTH LESSON: BREAKING DEATH-GRIP





International Polo Receipts Total $201,000

NEW YORK, June 16.—The Duke of Westminster, who backed the English polo team on its trip to this country in the unsuccessful attempt to lift the Westchester polo cup, "has only started" his campaign to get the trophy back to England.

The time limit for a challenge for a series next year is December 31. A special cable dispatch published today hinted at the possibility of a challenge from Germany.

The gate receipts of the two games of the international polo cup series amounted to more than $201,000—a greater sum than has ever been taken in during two days of baseball in the world's series. The expenses are said to be $25,000, leaving a net profit of $176,000.

McAllister to Box Klaus in the East

Bobby McAllister is planning a "swing around the circle." If the local middleweight can defeat Otto Berg on the 25th of this month he will challenge Petroskey to a ten-round bout in July, and after this he and his brother Al will go east. They have already a six-round bout in Philadelphia with Frank Klaus scheduled and all sorts of promises in New York and Philadelphia.

SKILL AND COURAGE ARE NEEDED IN THIS INSTANCE

By CECIL MARTIN,
Physical Instructor Oakland Y. M. C. A.

ARTICLE VII.—Continued.

While rendering aid in life-saving no more difficult experience can be encountered than endeavoring to break lose from the death grip of a drowning person. The intensity of such a person's grip is so great that even the most powerful swimmers have been overpowered by a comparatively weak subject. Instruction in a few simple methods will make the ordinary swimmer capable of rendering help without jeopardizing his life in the task. Of course the greatest skill and courage must be employed.

Three general methods constitute a defense for all attacks:

RELEASE METHOD NO. 1.

When the rescuer is gripped by the wrists (diagram eleven) he must simultaneously jerk the arms upwards to a position so as to obtain the greatest momentum, then swing the arms downwards, inside the arms of the patient, until at the end of the swing of his arms he presses outwards against the thumbs of the patient (diagram 12). In this way he dislocates the thumbs and secures release.

RELEASE METHOD NO. 2.

While rescuing if clutched around the neck (diagram 13) take a deep breath, lean over the patient and place one hand in the small part of the back. At the same time raise the other arm outwards and place the hand over the patient's face. With the index and second fingers pinch the nostrils and use the palm to prevent breathing through the mouth. When both air passages are blocked push the patient from you with all force. Being under the water choking will ensue and the rescuer will gain complete control.

RIVERS | BOTH FINISHED FIGHTERS BOTH GAME AND CLEVER | RITCHIE

(By THE TIMEKEEPER.)

THE next battle for the lightweight championship of the world will take place July 4, between Willie Ritchie and Joe Rivers. Ritchie will be the defender; Rivers the offender. Somehow the question of lightweight supremacy has always been surrounded with a glamor all its own. McGovern, Britt, Nelson, Gans, Wolgast, Ritchie—these are the names known to many folks who are ignorant of bantamweight titles, middleweight titles, welterweight titles. Featherweight and heavyweight battlers also are remembered, but when the lightweight championship is about to be settled then it is that the laity begins to sit up and take notice.

Hence it is that interest in the coming battle between Ritchie, the champion, and Rivers, who hopes to be, will be watched by followers in the fistic world not only in this country but abroad. Steadily, one may say almost silently, Joe Rivers has been coming. No one dreamed that the little Latin-American boxer who scored victories over such unknowns as Billy Chappalle, Red Corbett and Martin Leahy back in 1910 would continue his rise up through the featherweight class until he was to meet the champion lightweight of them all three years later. He didn't look the part at the time. Rivers didn't. And there were many who thought his career a mere flash in the pan, a flash the last glimmer of which was snuffed out irrevocably when Johnny Kilbane's famous one hundredth blow, September 5, 1912, laid him low at San Francisco.

"He's done," said the wise ones. "He'll never come back."

But Rivers fooled them. Each fight taught him something, no matter if it were victory or defeat. The few bouts he had with Freddie Welsh were of great benefit to him, for they taught him how to battle in the clinches. This was shown most remarkably in his go with Frankie Conley, January 1, 1911, at Vernon. Nor has he retrograded one iota in this respect since.

His footwork is good, Rivers being one of the few men in the game who never step away a single inch more than is necessary. By this means he avoids any dancing master style and reserves his strength for the pinches, which are bound to come sooner or later.

Experts figured, however, that the boy was weak in feinting. True, he was, but no man has tried harder to remedy the defect since it was first pointed out, and if the same judges who made the statement could see him now they would be surprised at the strides he has made.

Best of all, Rivers has a wonderful physique. And he's game. That could be seen in his bout with Kilbane, when after being sent to the floor with a lightning succession of rights and lefts before which no man could stand, he exerted every effort to rise, and when his strength refused to come to his aid, his glazing eyes glared defiance to the Cleveland champion until consciousness left him.

Nor must Ritchie be forgotten. Ritchie is clever, and in this regard he has few to whom to bow in the way of superiority. He showed it decisively in his fight with Wolgast when he took the lightweight belt from him. And success hasn't turned his head by any manner of means.

Ritchie's right name is Geary Steffen. He was born in 1891 in California, which would put his age at 22. Ritchie never dreamed he would become a champion. He always had thought being a good chauffeur, with a steady job and a wife at home, would be the sum total of mundane bliss. Then it was he suddenly discovered a mine of wealth in each of his sturdy fists.

He began to fight in [illegible], losing to Frankie Burns in September of that year in six rounds. He lost again to Matty Baldwin in August, 1911. He won his next two battles with Jack Britton and Jerry Murphy a few months later.

These bouts told him he was not yet ripe and he worked assiduously, as he always does to perfect himself in every branch of the game which was to be his life work.

Now we find him still working, still persevering, in an effort to hang on to his laurels before the curtain is rung down on his career.

A peculiar thing about both men is that few of their honors were won by what everyone considers the correct route—the knockout. Rivers seldom knocked an opponent out. Ritchie, so far as known, but the sleeping punch to but one. That was to Yankee Schwartz in Cleveland, Ohio, in January, 1912. All his other bouts ended in no decision or, as was the case in the go with Wolgast, on a foul.

This portends a splendid battle on the Fourth, for it shows that, if not finished fighters, both men have more than the average amount of science. And the fight lovers can't bring themselves to believe that their respective men are not finished fighters.

OAKLAND BOY IS NOW IN VAUDEVILLE

Lorrin Foute, the young son of Mr. and Mrs. M. C. Fouts of Reno, Nev., has been added to the Gus Edwards' company by the actor manager and left for Los Angeles last night with Edwards. The boy, who has been studying here for several months, made his first public appearance at the Oakland Orpheum Friday night, when he sang with Edwards. The latter was so impressed with the boy's voice that [illegible] er of the Edwards' engagement with the Orpheum. Edwards is writing a new song for young Foute which will be heard for the first time in Los Angeles.

THE SPORTLIGHT FLASHED ON EVERY FIELD

Result of p. m. game: Oakland 2, Van Cleef 3.

Let 'em gloat. It's only the second series they've won in three years They're entitled to chortle.

With the score standing 7 to 2 against us in the seventh inning of the morning game, Mitze put Ness in to pinch for Killilay. There was a man on second and two gone. Ness doubled, scoring Crisp, and Gardner doubled, scoring Ness. Ables went in and filled up the bags on three successive hits. Charles doubled off Olmsted, scoring two, and we lost. There you have it all.

Frank Decannier, Jimmie Johnston and Bumpire Van Cleef beat us in the afternoon 4 to 3. What bases Johnston didn't honestly steal Van Cleef gave him on general principles. Malarkey pitched good ball, but the Seals are credited with earning every one of their three [illegible]

After dropping five straight games to the Wolves, Hogan's wrecking crew got busy yesterday afternoon and plucked Arellanes 1-0. The Wolves knocked their old teammate, Drucke, to pieces in the morning, 6-3.

Johnny Dundee, the Italian featherweight, and Jack White of Chicago rounded out their preparatory work today for their 20-round bout at Vernon Arena tomorrow night. Dundee's strong showing against Champion Kilbane, White's training exhibitions and his known hitting powers have brought about a shortening of the preliminary odds and even money is expected to prevail at the ringside. Dundee until yesterday was quoted as a 10 to 7 favorite, at which figures the Chicago boy secured heavy backing.

Charles Le Doux, French bantamweight champion, who will meet Eddie Campi, the Pacific Coast champion on the night of June 24 at Vernon Arena in a 20-round encounter, according to dispatches from the South, took up light training today. LeDoux arrived in Los Angeles last night. He will share training quarters with Johnny Dundee and Leach Cross, who is expected there some time this week to prepare for his match with Bud Anderson on July 4.

In the California Water Soccer Association schedule game yesterday at Sutro Baths, the Surf Beach team defeated the Olympic Club by a score of 4 goals to 1. The U. S. Life Saving Club won from the Barbarians by 1 goal to 0.

It's easy enough to look pleasant
When the team has a ghost of a chance;
But the fellow worth while
Is the one who can smile
When the ump calls 'em out in advance.

"TWO SIDES TO A STORY."
FROM THE PLAYER.

"Dear President—I understand
Dismissal most unjust.
I only lisped 'you must have missed
That play. You'll change, I trust?'

" 'You're pardon sir, but I aver
That gent was surely out.'
I talked polite; oh, quite so, quite!
And not once did I shout!"

FROM THE UMPIRE.

"Dear President—I've truly spent
My patience all with Bunk.
He held his nose; spat on my clothes,
And yelled that I was drunk.

"He said: 'Go sneeze, you hunk of cheese,
The soot is in your tank;
Your lamps are punk; for years you've stunk.
You blank, blank, blank, blank!' "

—BOB NEWHALL.

Shooting with their new 32-calibre rifles, the members of the Shellmound Club's short-range team made the big score of 2211 at the Emeryville targets yesterday afternoon.

The 20-round battle between Kid Kenneth and Jack Lester at Taft Saturday night was called a draw by Referee Ed Tibbetts.

The Kelo University baseball team defeated the nine of the Leland Stanford Jr. University by a score of 5 to 1 at Tokio yesterday. Six hits were made by each team, but the American university players made five errors to one misplay by the Japanese.

Louis Druckee, the former New York Giant pitcher who was signed by Venice a few weeks ago after Harry Wolverton had turned him loose, was released by Hogan yesterday. Drucke has not been able to get control. Wolverton let him go for that reason. Hogan hoped against hope, after giving him weeks in which to get ready, but let him go yesterday after he had started the morning game and walked three men in the third inning, all scoring.

Six yachts started in the Sausalito Yacht Club's handicap, but it soon resolved itself into a duel between the Merry Widow and the cutter-rigged Folly. The Merry Widow was first over the finishing line, but she was unable to concede a handicap of ten minutes to the Folly, and the latter boat was the winner.

Five events were contested in the monthly shoot of the Golden Gate Gun Club at Alameda yesterday.

Otto Feudner and C. H. Knight tied in the first event with 19 out of 20 targets. In the second event Emil Hoelle won with a straight 20. Six shooters broke straight in the ten-bird event—Swales, Webb, Haight, Feudner, Stelling and Golcher dividing.

The twenty-sixth annual tournament for the lawn tennis championship of the Pacific Coast will commence tomorrow on the courts of Hotel Del Monte. Thirty-eight players have entered the men's singles and twelve lady players will compete for the championship in their single events.

Lucky for some body that there are no players of First Baseman Merkle's disposition on the Oakland squad. The Giants played an exhibition game with Zanesville which almost resulted fatally. It seems that a decision was made by Umpire Newhouse (sounds familiar) at first which did not please Mr. Merkle. Merkle showed his displeasure by making a slap at the ump. Soft music Prof. What should Mr. Newhouse do but slam Merkle over the head with his mask, inflicting quite a deep gash. "Get out!" said Newhouse. Merkle's replay was anything but complimentary and from his attitude and remark Newhouse came to the conclusion that Merkle refused to get out. Newhouse forfeited the game to Zanesville, but Manager Marty Nugan of that club ordered the game continued and officiated as umpire himself during the remaining innings. Some sport, this national game.

The Corinthian club regatta on the bay yesterday saw the Hammersmith trophy go to the sloop Kathleen. This Thistle led from start to finish but could not give the winner a handicap of eleven minutes. The Seafarer won the schooner's race.

Jim Griffin expects to announce this week his card of ten-round bouts which will feature the Humboldt Club's show. Jim tried to land half a dozen matches between ring celebrities, but he did not meet with success. His plan now is to stage four or five ten-round mills between boxers of local reputation.

[illegible] Jose, the former duplicating his victory of last week. Pope was removed to allow a pinch hitter a chance and Fielder, who finished was touched for two runs in the twelfth by Fresno, which was enough to give San Jose a 5 to 3 defeat.

Jack Ryan, the Angel Invincible, "got his" in the morning at Portland, being outpitched by Krause, who held the leaders to three hits and singled in the ninth with two on. The afternoon game went to a six inning tie, rain interfering.

The Cubs have sold Catcher Heckinger to Brooklyn.

The winners will have the right to participate as representatives of the Pacific States for doubles championship of the United States at the national tournament. Entries for the Pacific Coast tournament will close July 1.

Manager Mitze, though still inclined to nurse his bad finger, got back into harness yesterday afternoon and the change for the better in the team was at once apparent. Mitze will soon be in his former grand form.

Guest played in place of Cook in the afternoon, the Oak shortstop having been spiked in the morning.

Arrangements for a two days' interclub cruise to Vallejo will be completed at a special meeting of the delegates of the Interclub Yachting Association tomorrow.

Seventy yachts are expected to participate in the trip, which will start July 5, and an arbitrary handicap race back from Vallejo, in classes, will probably be arranged at the meeting.

Every yacht club on the bay and its tributaries is expected to have a representative at the interclub meeting to take place at 22 Battery street, as it is planned to make the event the biggest gathering of yachts ever held on this coast.

It was hard to tell which was worse in the morning, Tonneman or Crisp. The two catchers seemed bent upon claiming the booby prize, though Crisp partially redeemed himself by combing a dandy double to left field. Crisp had decidedly an off day —rather his arm did.

TRIBUNE'S LIMERICK CONTEST

BUT THE SEAL FANS!!

The Oaks have a player named Leard,
Whom all of the catchers have feared.
He runs around the bases
With swiftest of paces,
And then by the "fans" he is cheered.
—CAROLYN KRAMER.
3786 Piedmont ave.

LIST TO PHIL'S WARBLE.

Oh, you limericky fans and fanettes,
Cease all this raving and root for your pets.
They surely are playing a bang-up old game,
Seals versus Oaks—ten runs in one frame.
Less rhymes, more roots, you "suffs" and suffgettes."
—PHIL GREEN.
1646 Prince street, Berkeley.

TELL US A COUPLE.

There was a young pitcher named Ables,
Who always was telling some fables,
But when he would pitch
They would all give the ditch,
And that is the last of great Ables.
—ELMER VAN,
1501 Henry street, Berkeley.

MAY BE CAIN'S BROTHER.

There is a pitcher by the name of Able.
He was kept a long time in the stable.
He sure did pitch very good ball
[illegible]
Believe me, this is no fable.
—VIOLET CHAPMAN,
545 Eighteenth street.

WHATCHENOABOUTTHIS?

There is a pitcher called Ables,
Who pitches for the Oaks when he's able.
Who was able to win two games in a row,
And made the Oaks win by a nose.
—J. W. WIPINGER,

AIN'T HE THE PRETTY BOY?

There was an [illegible]
And he was a hard-hitting boy.
When he got up at the bat,
All the fanettes would clap,
For they thought him a nice-looking boy.

WHAT'S THE USE?

There is a good player named Coy,
Who sure is the candy boy.
When the game's on the bum
He will hit a home run,
And fill the fans' hearts with joy.
—W. E. COOK.
1511 Myrtle street.

THAT "13" JINX.

It is said by some people that 13's the jinx.
And so the little Seal, our "Wee Willie," thinks;
But Leard made a move
This claim to disprove,
By hitting the ball to the land of the Sphinx.
—J. TALMAN,
678 Sixteenth street, Oakland.

IT'S DIFFERENT NOW.

There was an old Seal named Howard
Who said "Although I'm no coward,
"It ain't such a cinch
"To stike out in a pinch,
"And then with pop-bottles be showered!"
—R. WATSON,

Court Alden No. 247, Foresters of America, baseball team, made its three straight wins yesterday by defeating the fast Zellerbach Paper Company team, on the Eighteenth and Wood streets grounds by a 9 to 1 score.

Fred Beakley, the Foresters' mainstay in the pitching department was alone responsible for the small scoring by the Zellerbach team, as he held them to one hit and struck out thirteen batters in the seven innings that the game ran.

Another feature of the game was the heavy hitting of De Luchi who scored four of the winning runs, and Giscometti also of the winners who added a trio of hits to the large number gathered by the Alden players.

The trouble might result, one of the employes of the company drew a revolver and fired several shots at the ground.

Patrolman Kelly heard the shooting and hastened to the scene. When he arrived, the crowd had already dispersed.

The cases of these arrested in the riot Saturday afternoon were before Judge Mortimer Smith this morning. A. Love and Alfred Ruff, two employes of the Pacific Gas and Electric Company, arrested Saturday for shooting within the city limits, have been released on bail. Their cases were continued till tomorrow morning for the filing of complaints. Similar action was taken in the case of the four electrical workers arrested at the same time on charges of inciting to riot. They are out on bonds. The four arrested were: C. W. McAlpine, F. R. [illegible]

POLICE ALARM SYSTEM INSTALLED

Latest in Modern Electrical Devices Now In Operation In New City Hall

The new police telephone and telegraph alarm and register switchboard, installed in the new City Hall, was placed in commission this morning. It is said to be the most complete and modern system anywhere in the United States, and was the work of Superintendent of the Electrical Department George Babcock and his assistant, George Tudhope.

Under the new system, if a patrolman is wanted at his patrol box, a red light is flashed at the top of the box from the central station until the patrolman answers. If all the patrolmen in the city are wanted, all lights on patrol boxes flash until each individual call is answered.

The time of each patrolman's report will be taken in the new central station on a paper tape.

According to Tudhope, the Oakland police telephone is the only one of its kind in the world and is an improvement on all other systems.

WHEAT PRICE HAS UPWARD TREND

Dryness in Spring Crop Belt Creates Danger of Short Growth.

CHICAGO, Jun 16.—Insufficiency of moisture in the spring crop belt tended today to push up the price of wheat. Experts sent word that there was danger of short growth. It also declared that continued dry hot weather would make the yield shrink fast. Opening prices were ⅛c lower to ⅜c higher. September, in which trading was most active, opened at 92¼ to 92½c, a gain of ⅛c to ⅜c and rose to 92⅞c.

A temporary set back took place later owing of prospects of a movement of new wheat soon soon in the southwest and because of there being no actual damage yet northwest. The close, however, was strong with September 1¼c net higher at 93⅞c.

Scarcity of offerings lifted corn. July opened ⅜@½c to 1½c up at 61¾@61⅞c to 62⅜c, and rose to 62½c.

Extensive profit taking led to a sharp reaction but the effect did not last. The close was strong at 62⅝c for July, an advance of 1⅛@1¼c net.

Oats were in broad demand owing to absence [illegible] to 1¼@1⅜c higher at 42⅛ to 42¼c, steadied at 41¾c.

STOCK MARKET MOVES DOWNWARD

Weight of Professional Selling Again Felt on N. Y. Exchange.

NEW YORK, June 16.—Speculation on the stock market lacked the resiliency today which characterized the market on recent days and the weight of professional selling again made itself felt. Prices moved downward during the morning except for a spurt in the first hour and by noon most stocks were well under Saturday's close.

London bought moderately of Canadian Pacific and Amalgamated and sold Union Pacific and Steel. Union Pacific was sold here on the rumors that the attorney-general would oppose the latest plans for dissolution of the Harriman merger unless provisions were made for disposition of Central Pacific.

The keen demand in the loan crowd for the leading stocks indicated that a large short interest still existed, despite the heavy covering on the upturn last week.

Opinion of the supreme court in the Missouri rate cases was construed unfavorably by the street and caused some further selling of western railroad stocks. Union Pacific's loss reached 2¼ and steel, Reading Canadian, Lehigh and some other stocks a point.

The market closed weak. C. and O., and Mo. Pac., which were directly affected by the Supreme Court decisions, fell 2 and 3 points, respectively, and professional selling was [illegible] in steel, large blocks of which changed hands. Canadian Pacific dropped 3¼. General losses were in the neighborhood of a point.

Bonds were easier.

LINER IMPERATOR MAKES GOOD TIME

NEW YORK, June 16.—A wireless message relayed from the steamship Kron Prinzesses, via Crookhaven, says that the new trans-Atlantic liner Imperator, which left Hamburg for New York on Friday last, steamed 707 knots on her third day's run, despite several hours of fog.

This indicated that the new liner is making a record trip, the fastest time heretofore being 676 knots, made by the Cunarder Mauretania, in January, 1911.

It was to beat this that the ill-fated Titanic of the White Star line started out on her maiden trip from Liverpool, which ended in disaster when the vessel crashed into an iceberg off the coast of Newfoundland and foundered with the loss of 1500 lives.

CORPORATION TAX SET BY BOARD

Public Service Rates Exceed Last Year's by Two Millions.

SACRAMENTO, June 16. — Having finished its work of assessing the public service and other corporations, the board of equalization has published figures of the first assessment made since the increase of rates passed by the legislature. These figures are not final, because the corporations still have the right to appeal for equalization before the first Monday in July.

The total assessment amounts to $12,991,810.07, which is an increase over last year of $2,069,403.35. Early in April the board, at the request of the Governor, estimated the prospective revenues, based on reports filed by the various classes of corporations. They estimated the total of the assessment roll at $12,984,725. The actual figures now reported exceed the estimate by $7094. Some changes are expected to be made during the period of equalization.

Assessments for public service corporations for 1912 and for 1913 compare as follows:

	1912.	1913.
Railroads and street railways	$ 4,941,224.70	$ 6,255,664.08
Electric light and power companies ..	1,364,700.05	1,721,252.59
Telegraph and telephone companies	486,242.98	639,932.98
Express companies	104,458.52	125,109.40
Car companies	91,292.74	112,745.92
Inurance companies	602,204.88	762,704.38
National banks	872,903.50	915,481.56
State banks...	828,480.64	867,878.20
Total public service	$ 9,291,507.72	$11,400,759.11
Franchise taxes	1,630,898.00	1,591,050.00
Grand total..	$10,922,406.72	$12,991,813.11

A comparison more in detail of the franchise assessments for the year is as follows:

	1912.	1913.
General franchises	$ 1,143,860.00	$ 1,114,470.00
Mining companies	80,145.00	74,880.00
Oil companies.	300,800.00	298,140.00
Water companies	94,180.00	89,865.00
Building and loan corporations ...	11,913.09	13,695.00
Totals	$ 1,630,898.00	$ 1,591,050.00

The decrease of nearly $40,000 in assessments of franchises is only a repetition of what occurred last year, when that portion of the State assessment roll fell off from the year before.

The increase in the assessments of public service corporations are due in part to the increases of tax rates made by the legislature and in part to the growth of business. In the case of the railroads and street railways the rate was increased from four per cent to 4.75; on electric light and power companies from four per cent to 4.60; on telegraph and telephone companies from 3½ per cent to 4.20; on car companies from 3 per cent to 4; on insurance companies from 1¼ per cent to 1½. The rates for express companies, national banks and State banks were not changed by the legislature and the tax rate for franchises also remained unchanged.

On motion of Lord Kinnaird, seconded by Count Von Moltke, of Denmark, and Count De Pourtales of France, the conference declared in favor of international arbitration.

The meeting last night closed the conference. Dr. Paul De Gouttes was elected chairman of the world's committee.

REPORT ON DIVISION OF FEES BY DOCTORS

American Medical Association Committeemen Tell of So-Called Evil.

Membership of Organization Has Grown; Fight Against "Quackery" is on.

MINNEAPOLIS, June 16.—The sixty-fourth annual session of the American Medical Association opened today with the first meeting of the House of Delegates. Dr. Abraham Jacobs of New York presided. The meetings are held in the library of the main engineering building of the University of Minnesota.

After the report of the committee on credetials and the organization of the house the reports of [illegible]

The membership of the association last year increased from 34,283 to 37,913, while the membership of the fifty-two constituent state associations during the year grew from 70,021 to 70,538, according to the reports of Secretary Dr. Alexander Craig of Chicago.

The report of the board of trustees showed the business of the Association to be in a prosperous condition. Special attention was given to the work of the Journal of the American Medical Association in investigating and exposing frauds and nostrums.

"The [illegible] business and quackery has become so serious and widespread that a worldwide effort is being made to curtail it," said the report.

TO INVESTIGATE FEES.

The principal subject covered by the report of the judicial council was its investigation of the secret division of fees and the giving of commissions by surgeons and specialists. These socalled evils exist, the council found, in some sections of the country, but not in others. In the New England States and the South it is not prevalent, but is found mostly in the large cities and the Central States. Seventy-seven per cent of those questioned regarding the practice considered it unjustifiable, while 13.40 per cent said that it was justifiable and 9.30 per cent were doubtful.

The committee on the prevention of blindness reported the preparation of a model address on this subject with 162 lantern slides to illustrate it, warning the people on the prevention of blindness. A model law for consideration of the different state legislatures has been drafted.

The committee on resuscitation is preparing a report setting forth the best methods of resuscitation to be used in mine accidents, which will shortly be issued.

The committee is now studying the best methods of maintaining artificial respiration, the causes of mine accidents and their prevention.

TO ERECT MONUMENT.

Plans are being made to erect a suitable monument to the army and navy surgeons, both Northern and Southern who were killed during the Civil War, according to the report submitted by Dr. S. Weir Little, chairman of the memorial committee. Dr. Isadore Dyer of New Orleans, chairman of the committee on the completion of the Panama canal, recommended that the association ask Congress to establish a permanent monument in recognition of the sanitary work done in the canal zone, and that this monument take the form of a hospital for tropical diseases, either in the canal zone or in the United States.

SOCIAL WORKERS TO MEET TUESDAY

Oakland New Century Club to Be Topic At Roofgarden Luncheon.

"The Oakland New Century Club and Its Social Work" will be the topic of the day at the social workers' luncheon on Tuesday at Capwell's roof garden. The New Century Club is one of the long-established social betterment agencies of Oakland and a large number of earnest women for years have found in it an outlet for their activities. Mrs. Robert Watt, for many years president of the club, will speak at the luncheon, and also Mrs. Isabelle Fleischer, playground and child-labor worker, who has just been secured as resident social worker. Mrs. William T. Blackburn, one of the most active workers of the club, will act as chairman of the day.

The clubhouse is located at 801 Peralta street and Mrs. Fleischer has issued a call for more volunteer workers. Men or women who desire to help in clubs or classes, both enlarging their own lives and serving others, are requested to communicate promptly with the new headworker.

On the following Tuesday Assemblyman C. C. Young will preside and a prominent progressive leader will present the subject, "The Progressives: Their Social Betterment Program." All interested are invited to both meetings.

FOREIGN EXCHANGE GOES UP IN MEXICO

MEXICO CITY, June 16.—Foreign exchange, for which a month ago bankers demanded as high as 2.50 pesos for one dollar gold, but which dropped to nearly normal—2 pesos for one dollar gold—with the announcement of the placing of the 200,000,000 pesos loan by the government, rose again yesterday to approximately 2.20, several banks declining to sell at any price.

The flurry started with the refusal of the Banco Nacional de Mexico, through which it is understood the French loan funds are to be paid, to sell exchange, giving as a reason that its balance was exhausted abroad. The real reason is said to be the fact that the loan funds are being delivered in installments instead of in a lump sum, as apparently was expected.

CIGAR STORE ROBBED.

SAN FRANCISCO, June 16.—Morse Patrolman O'Shea found that the door of the H. L. Judell Cigar Company, open by a burglar this morning. An investigation showed that 20 boxes of cigars, valued at $35, had been stolen.
